WAGNER PARK FLOWERS

WAGNER PARK NURSERIES ♦♦ SIDNEY OHIO

26 YEARS of GROWING BEAUTIFUL FLOWERS

OMEONE has said—"The man whose work becomes his hobby is certain of success." The experience of The Wagner Park Nursery Company bears out this statement.

For 26 years the growing and distributing of plants and trees has been our hobby as well as our life's work. That is why Wagner plants have won country-wide fame for their beauty, vigor and hardiness; that is why the name "Wagner Park" has much the same significance when applied to plants as "Sterling" has to silverware.

FURTHERMORE WE SAVE YOU MONEY

Our goal has ever been, not only to propagate better plants but also to distribute them at lower prices. This, we have succeeded in doing because our 26 years of experience has taught us many ways to economize in both growing and distributing and these savings we pass on to our customers.

For example we sell direct from the Nursery—no agents are employed. Consequently, their commission, always an important item, is saved to our patrons.

WE GUARANTEE SATISFACTION

We guarantee safe arrival, in good condition, of all shipments sent by Express or Parcel Post. We agree to resupply any plants or trees which fail to grow within one year, from causes other than neglect or abuse, at one-half original price paid.

TWO RESTRICTIONS—First, that should any shipment arrive in bad condition we be notified immediately. Secondly, that the full amount of original order has been paid.

A FURTHER GUARANTEE

We guarantee that stock supplied shall be true to name and up to the grade and quality ordered as per offerings in this catalog.

We exercise all possible care and it should be evident to everyone that it is to our best interest to send out only such stock as will not only grow, but prove true to name and produce satisfactory results.

The above constitutes, we believe, as strong a guarantee as is offered by any one in the Nursery industry and only because we have absolute confidence in the inherent quality of our stock can we make such an iron-clad guarantee.

The WAGNER PARK IDEA MAKES GARDEN PLANNING EASY

THIS CATALOGUE IS A STOREHOUSE OF THE
BEST OF EVERYTHING FOR THE
YARD AND GARDEN

Between the covers of this book will be found an almost endless variety of hardy plants, trees and shrubbery—everything needed to create beautiful and artistic effects that you want for your grounds.

We have tried to arrange it so that you can easily and quickly refer to the particular Nursery products in which you are interested.

Descriptions are written so that you may readily understand them even though you have no previous knowledge of the plant. Technical terms are avoided wherever possible.

You will find many valuable suggestions concerning planning, planting and proper care after planting.

In a word, we believe that you will find this catalog well worth keeping for future reference for it contains much valuable information for the amateur gardener.

OUR LANDSCAPE GARDENING DEPARTMENT
PLANS WITH YOU

In our files are scores of letters from patrons who have availed themselves of our Landscape Gardening Services, testifying to the efficiency of this important branch of our business.

We cordially invite you to make use of this department which is maintained solely for the convenience of the patrons of The Wagner Park Nursery.

A GARDENER
IS ONE
WHO KNOWS
WHERE TO DIG
FOR
HAPPINESS

There are several different forms of Landscape Planning Services at your disposal—for two of them we make no extra charge to customers whatsoever. You will find a complete description of our Landscape Gardening Services on pages 40 and the back cover of this catalog.

This is just one of a number of things we do to insure complete satisfaction to those who purchase plants and trees from The Wagner Park Nursery.

ORDER EARLY

It pays to order early. We practice filling orders in rotation as received in accordance with locality and suitable planting season. Order as soon as you receive the catalog, and assure yourself early delivery.

[illegible]

Please use this Order Blank when possible and give the price or size wanted to avoid delay and errors.
SPECIAL NOTE—FREE PLANT for just a little information (see other side).

(TEAR ME OFF HERE)

ORDER BLANK

[illegible]

SPECIAL NOTE—Read Carefully — FREE PLANT

FOR JUST A LITTLE INFORMATION that will take but a few moments of your time, we will send FREE prepaid a nice, strong, thrifty, ever-blooming rose plant that will flower beautifully under very ordinary conditions.

WE DESIRE the names of persons who you know are interested in flowers and beautiful surroundings; those who are building fine new homes or have large grounds that need landscaping. Please be considerate in making out the list as we wish to AVOID filling our mailing list with duplicate names or of disinterested persons. If you know of only one or two send them in to us with your order. It will be a favor to us, and we are sure not unprofitable to you.

NOTE—Please give street address with above names when necessary.

OUR LIBERAL TERMS

✧ Read Before Ordering ✧

WHEN TO ORDER. As soon as this catalog reaches you, send in your complete order with definite shipping instructions which we will follow as closely as possible. It is almost impossible during the rush of the planting season to fill an order on short notice without an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable planting season. In making up your order please give the price or size to avoid delays and errors.

SHIPPING FACILITIES. We are admirably located for making shipments, having the New York Central Lines (Big Four Railroad) East and West; the B. & O. Railroad North and South; also the Western Ohio Electric, all of which connect with various lines. We have Express Companies for above railroads, assuring you of prompt and direct service. Unless definite instructions are given, and these can be consistently followed, we must use our best judgment as to how to ship.

DELIVERY SERVICE. (Prepaid Shipments) For those of our customers who prefer to receive their goods by Parcel Post prepaid are pleased to forward in this manner such plants and roots or bulbs as can be handled in this way at the following additional cost, to cover special packing, postage, etc., which amount extra must be added to the value of the plants, roots, etc., so ordered except items priced postpaid. 5% additional to the following states: Illinois, Indiana, Kentucky, Michigan, Ohio, Pennsylvania, Tennessee, West Virginia. 10% additional to the following states: Alabama, Arkansas, N. Carolina, S. Carolina, Delaware, District of Columbia, S. Dakota, Florida, Georgia, Iowa, Kansas, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Nebraska, New Jersey, New York, Oklahoma, Texas, Virginia, Wisconsin. 15% additional to the following States: Arizona, California, Colorado, Connecticut, N. Dakota, Idaho, Maine, Massachusetts, Montana, Nevada, New Hampshire, New Mexico, Oregon, Rhode Island, Utah, Washington, Wyoming. We ship all over the U. S. Feel this method of handling most satisfactory.

PARCEL POST. When found practical we ship by parcel post. The roots are wrapped in damp packing material so will carry to most distant states in good condition. In ordering plants by mail please bear in mind that parcels are limited as to size and weight, and large sizes cannot always be sent by mail. Occasionally we find it necessary to express some orders that are wanted by parcel post or send by parcel post some wanted by express, but such change is made for good reasons, such as a saving in transportation cost or because size of package will not warrant it. All parcel post shipments must be prepaid.

PLANTS BY EXPRESS. This is a most satisfactory method of transportation, as it enables us to give good values in the form of larger stock and shipments usually receive the best care in transit. We do not prepay express shipments, but send some extra plants to help defray charges. If goods are miscarried they are more easily traced, and if damaged in transit it is easier to adjust any such damage as may have occurred. In case of any damaged stock notify us promptly, also notify the express agent immediately of the damage, as they, as carriers, are liable for any damage done while in transit. Let them also make notation of damage on your express receipt or bill so that no controversies arise later with claim department. We send you notice of shipment as soon as forwarded.

FREIGHT SHIPMENTS. This method of shipments is advised only with heavy and bulky stock. Our direct lines North, East, South and West, give us advantages over those who have only one railroad. In case of any damage to shipment while in transit handle as explained for express shipments.

CARE OF STOCK ON ARRIVAL. Promptly on arrival the trees or plants should be unpacked and planted, or else the roots should be protected from sun or air by covering with moist earth. Care should be taken in choosing soil and environment to the end that success may reasonably follow your labors in planting.

PACKING. Every care is exercised in the packing of our stock for shipment. "Quality and Good Value First" is our policy, and we take every precaution to pack each shipment so that under the

CERTIFICATE OF NURSERY INSPECTION

Department of Agriculture of Ohio Division of Plant Industry

Columbus, Ohio, Aug. 25, 1926.

THIS IS TO CERTIFY, That the nursery stock of the Wagner Park Nursery Co., of Sidney, County of Shelby, State of Ohio, consisting of general nursery stock, and greenhouse stock, has been inspected by a duly authorized inspector in compliance with Section 1126, General Code, and has been found apparently free from dangerously injurious insects and plant diseases. Permission is hereby granted the above mentioned nursery firm to sell and ship nursery stock which has been inspected for the year ending September 15, 1927.

This certificate, granted under the provision of Section 1135, General Code, is invalid after September 15, 1927, and may be revoked earlier for cause.

RICHARD FLAXON,
Chief of Division.

CHAS. V. TRUAX,
Director of Agriculture.

usual mail and express conditions, the stock will reach its destination in the same excellent condition as when packed. Any error we may make will be most cheerfully rectified.

PRICES. Published prices prevail for the average run of stock in the nursery rows of the different ages, etc., but where selection is made of special or unusual specimens such will be charged according to their individual values. Unless otherwise noted are F. O. B. Nurseries, and includes boxing, bailing or crated and delivered at transportation office in good condition. We make no extra charge for packing and we use the best packing materials obtainable.

SPECIAL NOTE. Write your name and shipping address plainly on the sheet containing your order to avoid mistakes and delays. Use separate sheet for your order if possible, and in every case give size or price of the article wanted. Often orders are received without any address which always causes much annoyance, delay and dissatisfaction.

ORDERS LESS THAN \$1.00 total should have 10c extra to help defray cost of handling, etc.

REMITTANCES. Remittances should be made by Postoffice Money Order, Registered Letter, Bank Draft, or Express Money Order. Our terms are cash, and remittance should accompany order unless satisfactory references are given. Send remittance with order to avoid delays. We assure you satisfaction.

We are members of the American Association of Nurserymen. Each shipment bears a certificate of inspection of our stock granted by Federal or State authorities.

Should you change your address we would esteem it a favor if you will notify us so we can forward catalogs as issued with regularity. Should you happen to receive two catalogs of same kind, please hand one to a friend who would be interested. We issue two catalogs, one for spring and one for fall planting.

We are glad to receive pictures of any attractive group plantings, or individual flowers produced from our plants. We will gladly pay cost of any picture we use in our catalog.

Wagner Park Flowers
make
Successful Gardens.

EVERYBODY LOVES ROSES —

IT IS EASY TO SUCCEED WITH WAGNER ROSES

THE Rose is today as in years past, most dominant among flowers with the human race everywhere. Recognizing this appeal and demand, we have developed the rose as one of our leading specialties, our stock is of exceptional quality and of the best tried and true varieties. All Wagner Roses are grown under most favorable conditions, are full of vitality and are sure to please and give full satisfaction. One may use Roses profitably anywhere, often in very restricted space, a necessity to every well planted grounds.

SPECIAL NOTE—PLEASE READ

We offer of most varieties only two sizes. Those listed in first size as one year are healthy, vigorous, well rooted plants propagated during the Spring and early Summer of last year. They are thrifty, and under ordinary conditions, especially the everblooming varieties, will produce a surprising growth and display of bloom the first season, more than doubly compensating for the outlay. Those listed in second size as plants from 4 inch pots have been grown in the open ground and then potted. These are good, thrifty, well rooted plants, and will readily take hold in the new soil and location and produce most satisfactory results. You lose no time with potted plants, they respond with new and continued growth quickly.

General instructions as to planting and care of plants accompany each shipment from us. Read our liberal guarantee on page one.

RECENT NOVELTIES IN ROSES

COLUMBIA. A splendid, large, fully double Rose of very lasting qualities. It is a strong grower, almost thornless, with brilliant rose-pink flowers, sometimes lighter pink. A great prize-winner. It blooms freely and produces perfect blooms all season. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00; plants from 4-inch pots, 90c each; 4 for \$3.00.

IDEAL. A striking new baby Rambler of the usual type as to shape, size and other class characteristics; but notable in its phenomenal quantity of bloom, and in the richness of its color. Its distinctive color shade being a rich garnet. First size, 1-year plants, 50c each; 5 for \$2.00 or 12 for \$4.00; plants from 4-inch pots, \$1.00 each; 5 for \$4.00.

MME. BUTTERFLY. Color is a harmony of pink, apricot, and gold. The flowers resemble Ophelia in form. This Rose is largely grown for cut-flowers and keeps well when cut. Fine for bedding, for if kept well cultivated and in good growing condition it will produce flowers almost continuously all summer and until frost. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00; plants from 4-inch pots, 90c each; 4 for \$3.00.

LOS ANGELES. A Rose of unusual beauty of coloring, being a luminous, flame-pink toned with coral and shaded with translucent gold at the base of the petals. The flowers are perfect in form and borne erect on strong, branching stems. Growth is vigorous. 1-year size, 40c each; 3 for \$1.00; plants from 4-inch pots, \$1.00 each.

ROSA HUGONIS. A remarkable and very valuable Rose brought from China. It is of shrub-like habit and naturally forms symmetrical bushes attaining a height of about 6 feet. Very valuable for planting in shrubbery borders. Its delicate single yellow flowers are produced in long arching sprays in May. Perfectly hardy. 2-year-old plants, only \$1.00 each; extra large, \$1.50 each.

STURDY, HEALTHY ROSE PLANTS

Gentlemen: I want to thank you for the sturdy, healthy rose plants I received from you a short time ago. I was very much surprised when I saw them, as I had expected at that price to get very small plants, and when I saw these strong plants—many of them as large as two-year-olds I had gotten elsewhere—I could hardly believe my eyes. Many of them are already sending out new leaves and shoots.

I shall always remember your firm in the future.

Very truly yours, Mrs. J. F. Quay, Waynata, Minn.

LET US HELP YOU PLAN YOUR GROUNDS

Wagner Park Free Landscape Service can help you. See page 40 for details.

WELLESLEY.

HYBRID TEA ROSES

(For other varieties see pages 3 and 4)

All Hybrid Tea and Tea Roses we offer are grown on own roots, far superior to budded or grafted especially of this class. Even though they may appear smaller when you get them, will result in full satisfaction as our plants are strong, healthy and vigorous in all sizes and we stake our reputation upon their quality. For extensive or general planting we especially recommend the ten varieties listed on page 3.

CHAMPION OF THE WORLD. Bears great profusion of flowers of fine size; color lovely clear, deep pink. If you want a sturdy substantial, free-flowering Rose, plant a Champion of the World.

ETOILE DE FRANCE. The gold medal Rose of France—flowers very large and borne on good, long, stiff stems; color a lovely, shade of clear crimson-velvet; very fragrant and keeps well. In England where it has been tried extensively, has caused a sensation. Good grower, free bloomer, deliciously fragrant.

MRS. DE GRAW. Bright coral-pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; strongly resembles the Champion of the World.

MME. SCHWALLER. Blooms in large clusters, large globular flowers; fine salmon rose, finely edged with violet carmine; highly perfumed; a strong, healthy grower; a grand variety.

RADIANCE. Color a brilliant rosy pink displaying beautiful opaline-pink tints in the open flower, very fine, full and double.

RED RADIANCE. A counterpart of Radiance except in color which is a clear cerise-red, a most valuable addition.

WELLESLEY. The color is a beautiful shade of pink, the outside of the petals being bright and clear, with a silvery reverse. It is a very vigorous, healthy grower, carrying the flowers on long, stiff stems, clothed with heavy dark green foliage.

WM. R. SMITH. Softly curled, waxen finished petals, creamy white, flesh pink tips, buff at base.

PRICES: Above varieties. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00. Plants from 4-inch pots, 75c each; 3 of one variety, for \$2.00.

SPECIAL OFFER

Above eight varieties, 1 of each variety, 1-year size, \$1.35; 3 of each variety, 1-year size, \$3.85. Postpaid.

TEN BEST Hardy Everblooming ROSES FOR GENERAL PLANTING

IN THIS list of ten kinds you will find the choicest of each of the different shades of color and only those of real merit. From our years of experience we have selected the ten following varieties as best for general planting, due consideration being given to hardiness, habit of growth, color, and freedom of bloom. All possess the hardiness of the Hybrid Perpetual or June Rose and also the everblooming qualities, from this list of ten varieties. They are all popular kinds and sure to give satisfaction. Plant them freely, even first size one-year plants will surprise you in growth and blossoms the first season.

GRUSS AN TEPLITZ. (Crimson Hermosa). This grand Rose has proven one of the best and most valuable hardy crimson everblooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the very brightest colored Rose we know. Flowers large, full, and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season.

HERMOSA. A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea. It would be a waste of words to write a lengthy description of Hermosa. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture.

JONKHEER J. L. MOCK. Like the rest of the Rose-growing world we are enthusiastic in praise of this famous Rose. The color is carmine on the outside, which contrasts beautifully with the lovely imperial pink of the inside of the flower as the petals unfold and curl, and the exquisite blooms are produced freely on stiff, erect stems. The flowers are very large, perfectly formed and highly perfumed.

KAISERIN AUGUSTA VICTORIA. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously throughout the season, glorious, fully double flowers with a delicious Magnolia-like fragrance. Color is a most delicate, creamy white.

LA FRANCE. This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, exceedingly sweet; color peach-blossom pink, elegantly clouded with rosy flesh. Begins to bloom while very small, and continues blooming until stopped by freezing weather.

MME. ABEL CHATENAY. This is a wonderful strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer; flowers of good size, double, with slightly recurved petals; elegant buds; color rosy-carmine, shaded salmon.

MADAM CAROLINE TESTOUT. Probably no Rose stands higher in public estimation today. It is a wonderful Rose. The petals are large and of elegant form. Both flowers and buds are extra large; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty.

OPHELIA. One of the most beautiful and popular of recent cut-flower favorites, with perfect flowers of distinct form, lavishly produced, emitting the exquisite perfume of the Richmond type; salmon-flesh shaded with rose. A wonderful blending.

PRESIDENT TAFT. This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are very showy and valuable for cutting. These plants are free from disease, which is another point claimed in its favor.

THE BURBANK ROSE. The color is described as cherry-crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making well rounded, bushy plants. The Burbank can be planted anywhere and is without doubt the finest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double and most pleasing in their rich beauty and delightful fragrance.

PRICES: All varieties on this page, first size, 1-year plants, 25c each; 6 for \$1.00 or 12 for \$1.50. Plants from 4-inch pots, 75c each; 5 for \$3.00 or 10 for \$5.00 of one variety.

WAGNER'S HARDY EVERBLOOMING ROSES ARE A SOURCE OF DELIGHT ALL SUMMER.

WAGNER Park Famous COCHET ROSES

THE real Rose Lover cannot afford to miss these particularly famous Cochet Roses. The four varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities, except the extreme North, where protection and mulching are necessary to bring them safely through some winters.

MAMAN COCHET PINK. A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful Roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house.

MAMAN COCHET RED. An exceedingly beautiful and splendid Rose for general planting. Very vigorous, and healthy, throwing

up strong shoots and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety.

MAMAN COCHET WHITE. A remarkably free blooming variety equal to Maman Cochet Pink in every particular. The blossoms are large, fully double, and a pure white in color. Very fragrant and should be included in every Rose collection.

MAMAN COCHET YELLOW. (A. H. Gray). An exceptional deep lemon yellow which intensifies as the blossoms develop. Much like the Maman Cochet Pink in habit and substance. Strong grower.

PRICES: These four Cochet varieties first size, 1-year plants, 25c each; 6 for \$1.00 or 12 for \$1.50. Plants from 4-inch pots, 75c each; 5 for \$3.00 or 10 for \$5.00.

WAGNER TEA ROSES—For Southern and Pacific Coast States

TTHIS class of Roses is celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their beautiful flowers. They are without question the most profuse of all, being in flower through the entire growing season; especially for the Southern and Pacific Coast States, although they may be planted in the Northern States but must be protected over winter.

ALEXANDER HILL GRAY.

Color is deep lemon-yellow which intensifies as the blooms develop; flowers large, of great substance and perfect formation; it has a high-pointed center from which the petals gracefully reflex. We recommend it highly.

CLOTHILDE SOUPERT.

Double, pearly white; center pink. This variety is always in bloom, making it desirable for pot culture.

DUCHESS DE BRABANT.

A beautiful shell pink; very free flowering.

ETOILE DE LYON. This magnificent Tea Rose, south of the Ohio River, has proved to be perfectly hardy. Blooms in the greatest profusion and each bud is a gem. Flowers are very large, double full and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.

MRS. B. R. CANT. Choicest red of this class. A healthy, vigorous grower, producing great masses of splendid Roses the whole growing season. Flowers are perfect double and deliciously sweet. Very free flowering. Color bright rose-red, elegantly shaded.

SOUV. DE PIERRE NOTTING. Color, orange-yellow, dashed and bordered soft carmine-rose.

PRICES: Above six varieties Tea Roses. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00. Plants from 4-inch pots, 75c each; 3 for \$2.00 or 10 for \$6.00.

1 each of these six varieties, large, 2-year size.....**4.00**

Gentlemen: I must tell you how pleased I am with your roses. I ordered the collection and saved all but three. I have never had roses grow faster or bloom more profusely. They are truly wonderful in their vitality and beauty.

Thanking you kindly, I am

Yours very truly, Mrs. E. Burroughs, Canyon, Tex.

MAMAN COCHET
BLOSSOMS

HYBRID PERPETUAL ROSES

A MOST DESIRABLE CLASS BECAUSE OF THEIR LARGE, SWEET, BRILLIANT FLOWERS AND EXTREME HARDINESS.

THE best class to plant in the Northern States, owing to their extra hardiness. The branches are hard wooded like shrubs. They do not need protection, yet a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not all constant bloomers. We list only the choicest varieties, which are exceptionally free flowering, in two-year-old and extra large sizes. All are field grown, heavy, sturdy plants.

FRAU KARL DRUSCHKI. Fine snow-white, free from any yellow or rose tints. Constantly in flower.

GEN. JACQUEMINOT. One of the most satisfactory to grow. Exceedingly popular. Color a rich crimson scarlet.

J. B. CLARK. An intense deep scarlet-rose, shaded dark crimson. A wonderfully strong and upright grower. Exceedingly vigorous.

MADAME PLANTIER. The iron clad white cemetery rose; bears hundreds of beautiful snowy-white, fragrant blossoms.

MARSHALL P. WILDER. Bright, cherry-carmine, very fragrant.

MAGNA CHARTA. The color is a beautiful bright pink, suffused with carmine. Good grower and free to bloom.

MRS. J. H. LAING. A grand sort, with satiny flowers of soft, delicate pink.

PAUL NEYRON. Long, stiff, thornless stems, with cup-shaped flowers. Bright rose. Very much resembling the American Beauty, the popular cut flower variety.

PRINCE CAMILLE DE ROHAN. Dark velvety crimson, changing to maroon.

ULRICH BRUNNER. Shell-shaped petals. Color, cherry red. Fine large flower.

PRICES: Above varieties. Large, 2-year-old plants, 75c each; 3 for \$2.00 or 12 for \$7.50. Extra large, selected size, 90c each; 4 for \$3.00 or 12 for \$8.00.

FRAU KARL DRUSCHKI

HOW TO CARE FOR ROSES

Plant only in a sunny position in soil free of all tree roots and protected, if possible, from severe weather. Roses like fertile, well-drained soil and if one will prepare a bed especially well, he will be rewarded in wealth of bloom and vigor of plant.

PLANTING. Unwrap plants carefully, and if plants are at all dry, the roots should be moistened with water. Set the plants in the prepared ground with extra care to get fine fertile soil around the roots. Make the soil firm and then give a thorough watering. Sometimes it is of great benefit to shade the plants from sun and wind for two or three days. Plant just a trifle deeper than they stood at the nursery. Care should be taken to get all the roots spread out naturally and in contact with the soil.

PRUNING. In planting, trim them back to three or four good buds, as they will grow off much better. The ever-blooming roses should be shortened back each year about one-half the previous season's growth. The ramblers may be pruned by taking out the older canes after they are through blooming, leaving only the younger canes or by removing the flower spikes from the old canes.

Winter protection in the way of soil mounded up several inches about the plant, straw, coarse manure, leaves or litter, especially about the tender varieties, repays in flowers for the extra trouble.

ENEMIES. While healthy and vigorous plants are not especially susceptible to disease or pests, some pests will appear. For the leaf-eating insect, chafers, slugs and beetles, use arsenate of lead. For aphid or leaf hopper, use kerosene emulsion. For diseases such as leaf spot or mildew, use bordeaux mixture. Potassium sulphide, one ounce to three gallons of water is excellent to control mildew.

Gentlemen: Perhaps you will be interested to learn that the collection of rose bushes that you mailed to me reached me here (Smyrna, Turkey), in good condition the middle of this month. All but two of the plants have lived and are in leaf now. I am much pleased with the results.

Yours sincerely, Mrs. H. A. Flint, International College, Smyrna, Turkey.

HARDY EVERBLOOMING DWARF BEDDING ROSES

Used extensively for edging beds of other roses. They are compact, bushy, and produce immense trusses of semi-double flowers from spring until frost. Supplied from pots.

ANNA MULLER. Bright pink. 1-year size, 20c; 2-year size, 75c.

JEANNE D'ARC. Very free flowering. Flower trusses very large and a pure milk-white. 1-year size, 15c; 2-year size, 50c.

JESSIE. Brilliant crimson. 1-year size, 25c; 2-year size, 75c.

MRS. W. CUTBUSH. A new dwarf rose. Color, light pink, yellowish center. 1-year size, 20c; 2-year size, 80c.

PRICES: Above four varieties. First size, 1-year plants, 20c each; 6 for \$1.00; 2-year-old plants, 60c each; 10 for \$5.00.

Wagner's Collection Hybrid Perpetual or June Roses

Eight of the above in four varieties **ROSES**

CLIMBING AMERICAN BEAUTIES, THE KIND WHICH GROW FROM WAGNER STOCK.

HARDY CLIMBING ROSES

VERY few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction. All 2-year size are field grown.

CLIMBING AMERICAN BEAUTY. This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. The hardy climber blood with which it is crossed, gives healthy, perfect foliage and a strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. **First size, 1-year plants, 25c each; 6 for \$1.00 or 10 for \$1.50; 2-year-old plants, 75c each; 3 for \$2.00; 12 for \$7.50.**

AMERICAN PILLAR. One of the most favorable and attractive of the hardy climbers, flowering profusely in large compact clusters. Large single flowers of brilliant carmine rose with a slight cream variation and yellow stamens in center.

CRIMSON RAMBLER. The old popular Climbing Rose; clusters of the bright crimson, semi-double flowers.

DOROTHY PERKINS. A climbing Rose, which is of strong, vigorous growth and general habit, very closely approaches the popular Crimson Rambler; its flowers, which are borne in clusters, are of a beautiful shell pink, full, double, of great size for a Cluster Rose, and deliciously scented.

EXCELSA. A splendid Climbing Rose, remarkable in many ways, but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are double and borne in trusses of thirty to forty flowers.

LADY GAY. A seedling of the popular Crimson Rambler, which it closely resembles in habit and vigor of growth, but with flowers of a delicate cherry-pink, fading to a soft tinted white.

PAUL'S SCARLET. A gleaming vivid scarlet color. Medium semi-double flowers, in clusters.

THOUSAND BEAUTIES. (Tausendschon). The most sensational

climbing Rose. Imagine a luxuriant Rose literally covered with thousands of large double, beautiful, bright blossoms and of the most delicate shade of pink. The color might be described as white, delicately flushed with pink which changes to rosy carmine. The name is derived from the many colors and the great variation in color. Has but few thorns, with magnificent foliage, free from mildew and absolutely hardy in the open ground everywhere. This variety may also be grown in pots and forced into flowers as is done with many of the tender varieties.

VEILCHENBLAU. This is a much better Rose than some give it credit for. It opens a reddish-violet, quickly changing to violet-blue.

WHITE DOROTHY. A magnificent, pure white clustered Rose, with good strong virility and climbing habit, counterpart of the pink Dorothy Perkins. The vines are a sheet of white during their blooming period.

PRICES: All above varieties except where noted. **First size, 1-year plants, 20c each; 6 for \$1.00 or 12 for \$2.00. Large 2-year-old plants, 70c each; 4 for \$2.50; 12 for \$7.00.**

EVERBLOOMING CLIMBING ROSES

Especially Desirable for Southern and Pacific Coast States

THIS class of Climbing Roses make such a glorious display in the warmer sections of the country. They require protection in cold climates. Supplied from pots.

CLIMBING CECILE BRUNNER. Is a rampant climber; color, rich, rosy pink on a creamy white ground.

CLIMBING CLOTHILDE SOUPERT. One of the very finest varieties, unequalled for quick and abundant bloom and healthy, vigorous growth. Flowers perfectly double; creamy white, sometimes tinted with blush.

CLIMBING CAROLINE TESTOUT. Combines all the good points of the popular and beautiful pink bush Rose.

CLIMBING PAUL NEYRON. Bright, satiny-rose changing to carnation-pink.

CLIMBING PINK MAMAN COCHET. A strong grower and an exact counterpart of the beautiful pink bush variety.

CLIMBING WHITE MAMAN COCHET. Here we have a climbing form that will become as popular as a climber as its parent, as a bush Rose. Grand, huge white flowers, tinged pink.

CLIMBING GRUSS AN TEPLITZ. A grand variety and very free bloomer. An exact counterpart of the bush Rose Gruss an Teplitz. Color velvety crimson.

CLIMBING KAISERIN. A strong rapid grower without a weak spot, growing to perfection in open ground. Small plants bloom continuously the first season.

MARECHAL NIEL. A superb climbing Rose, which for fragrance, beauty and size, is still without a rival; bright golden yellow.

MARY WASHINGTON. A pure white, constant flowering Rose; blooms in clusters.

REINE MARIE HENRIETTE. A rampant climber; fine, free bloomer; color a bright red; a first-class Rose in every respect, as the young plants flower freely the first season.

SOLFATERRE. Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent Climbing Rose; valuable.

PRICES: All Everblooming Climbing Roses. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50. Large, 2-year-old plants, 85c each; 3 for \$2.00.

WICHURAIANA OR MEMORIAL ROSES

Most satisfactory Roses for covering rough ground, rocks, stumps or walls; also to climb on trellis. These Roses are very free from mildew and not so subject to insect pests as are many other varieties. They have manifold uses covering ugliness with beauty, bare banks and walls with color and grace. All 2-year sizes are field grown.

AVIATEUR BLERIOT. (New). Exquisite buds of saffron yellow shaded apricot; opening to a lighter tone. Blooms in clusters, emitting very pleasing, magnolia fragrance. Glossy foliage and good thrifty growth. First size, 1-year plants, 25c each; 5 for \$1.00. Large, 2-year plants, 70c each.

GARDENIA. Buds bright yellow, opening double flowers of a cream color; incurving towards evening to the shape and color of a Cape Jasmine, hence its name. First size, 1-year plants, 20c each; 6 for \$1.00. Large, 2-year-old plants, 65c each; 3 for \$2.00.

DOCTOR VAN FLEET. One of the newer type of climbers which combine absolute hardi-

SPECIAL.....50c or 7 Plants, \$1.00

WICHURAIANA ROSES—Cont'd

ness with flowers large as in the Tea and Noisette class. This variety shows a mass of beautiful clustered buds, which open out into large, shapely flowers; delicate flesh white. An admirable cutting variety with stems 12 to 18 inches long. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00. Large, 2-year-old plants, 75c each; 3 for \$2.00.

HIAWATHA. There is no other rose so brilliant as the Hiawatha. It must be seen to be appreciated. Flowers are produced in long, pendulous sprays, frequently from 40 to 50 flowers on a spray. Color is brilliant, ruby-carmine, with a clear white eye and a mass of golden stamens. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50. Large, 2-year-old plants, 75c each; 3 for \$2.00 or 10 for \$6.00.

MANDA'S TRIUMPH. The flowers are pure white and very double, produced in clusters literally covering the plant. First size, 1-year plants, 20c each; 6 for \$1.00. Large, 2-year-old plants, 60c each.

MEMORIAL ROSE. Pure shining white with bright golden center; large single blossoms, glossy green leaves. First size, 1-year plants, 20c each; 6 for \$1.00. Large, 2-year-old plants, 65c each; 3 for \$2.00.

SILVER MOON. The long buds are creamy white and open up to large single white flowers four inches in diameter, the center being a mass of bright yellow stamens; buds, open flowers and glossy foliage make a pleasing contrast. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00. Large, 2-year-old plants, 75c each; 3 for \$2.00.

UNIVERSAL FAVORITE. A vigorous grower; flowers double, of a beautiful rose color; very fragrant. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50. Large, 2-year-old plants, 80c each; 3 for \$2.00.

RUGOSA AND BRIER ROSES

ALL FIELD GROWN

These varieties of roses mass well in the border with other ornamentals. Their long blooming qualities, their beautiful flowers, followed by attractive red hips which hang on clear into the winter, will delight you.

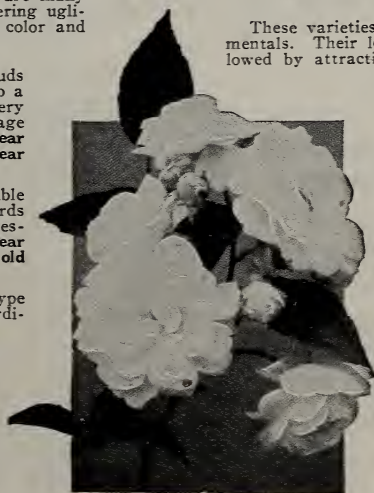

CONRAD MEYER. Double clear silvery rose. Large 2-year size, 65c; extra size, 85c each.

NEW CENTURY. A magnificent rose, flowers large and perfectly double. Color, flesh-pink with bright red center, petals bordered creamy white. Large 2-year size, 75c; extra size, \$1.00 each.

PERSIAN YELLOW. (Austrian Brier). Medium sized deep yellow double flowers, very hardy. Large 2-year size, 75c; extra size, \$1.00 each.

RUGOSA RUBRA. The Rugosa Rubra are especially suited for our Northern climate, owing to their extreme hardiness and sturdy growth. The foliage of these Roses is most beautiful being a shining, rich, dark green and oddly wrinkled. The blossoms are usually single, but very large and showy, and followed in autumn with a profusion of beautiful orange-red or crimson fruits. Excellent for hedges or for planting among shrubbery or hardy borders. Large 2-year size, 60c; extra size 75c each.

SIR THOMAS LIPTON. Double white rose, beautiful in foliage. Large 2-year size, 75c; extra size, \$1.00 each.

Wagner's Hardy Flowers

WAGNERS MAKE IT EASY TO HAVE BEAUTIFUL FLOWERS

THE GARDEN OF HARDY FLOWERS is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmother's garden, famous in song and story—a fragrant memory of gay sweetest. Hardy Flowers even defy the "melancholy days," for the autumn perennials—the cheerful asters, the dainty Michaelmas Daisies, the many new varieties of Phlox of myriad pastel tints. Even after the frost there are the gay Chrysanthemums, the "pompom" of Grandmother's day.

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country. Our list comprises choice valuable varieties from which you can expect results and full satisfaction.

HOW TO SELECT HARDY FLOWERS. In selecting and arranging hardy flowers, the most pleasing results are gained when plants are arranged according to heights, that is, the low growers or dwarf should be placed near the front of the planting. Medium tall growers in the middle, and tall growers in the back ground. In our descriptions of hardy flowers, the growing heights when fully matured, are indicated by the letters D, M, and T, immediately following the name of varieties. (D) indicates growing heights from 16 to 18 inches; plant these varieties from 10 to 13 inches apart. (M) indicates height from 18 to 36 inches; plant these varieties 18 to 30 inches apart. (T) indicates height from 36 to 60 inches; plant these varieties from 30 to 48 inches apart.

There is no set rule as to distance for planting the various varieties. Heavy mass effects are secured by grouping those of the same variety into a mass by planting close together, allowing more space between masses than between plants. More open effects require planting farther apart. It is really a matter of taste but more immediate effects are secured by fairly close planting.

HOW TO PLANT HARDY FLOWERS. Where there are many leaves forming a crown, cut them down to a few in number. Remove badly injured or dried up leaves. Trim long straggling roots back. Cut out damaged or broken roots. The trowel, dibble and spade are the tools commonly used in planting herbaceous plants. Make hole deep, curving to allow all roots to hang down or spread out naturally. Bring the soil in contact with all the roots and press firmly. The depth to plant varies with the individual plant. Plants with crowns should have the crowns at or slightly below the surface level. Water the plant to give it a start. Protect newly set plants from direct hot sunlight.

MULCHING. While mulching plants for winter is very beneficial

IN BEDS OR THE BORDER THERE ARE NO FINER FLOWERS THAN WAGNER'S HARDY PERENNIALS.

and with many varieties necessary, especially the first winter, many make the mistake of putting the mulch on too early before the plants are well ripened which frequently causes the green growth to decay and will sometimes rot the very crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch which are killed when hard freezing sets in. For best success do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil at almost an even temperature throughout the entire winter and when removed in the spring the new growth will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers. General instructions as to planting, care, etc., accompany each shipment, for we are interested in the success of our plants; not merely the selling of the stock.

A COMPLETE GARDEN Our Famous Collection of OLD-FASHIONED FLOWERS

Give me the good old week day blossoms I used to see so long ago, with hearty sweetness in their bosoms, ready "and glad to bud blow."

ANTHEMIS TINCTORIA. (Golden Marguerite) (M) June to September. Golden yellow, one to two inches; sun or shade; border planting and cutting.

ASTERS, HARDY (Michaelmas Daisies. **FELTHAM BLUE.** (M) One of the most decorative free-flowering blue varieties.

NOVAE-ANGLIAE. (T) Bright violet-purple flowers.

AEGOPODIUM VARIEGATA. (Goutweed). A rapid growing plant, with neat green and yellow variegated foliage, thriving in any soil; fine for covering waste or barren spots.

ANCHUSA ITALICA (M) June, July. Rapid growth. Deep blue flowers. Planted in masses it will give a solid mass of that lovely blue coloring so desirable in the border.

ANEMONES JAPONICA ALBA. (D) Individual blossoms, very large; snow white. Very free flowering and useful for cutting. A choice variety.

QUEEN CHARLOTTE. (M) September. Silvery pink shade. Unusually fine. First size, 25c each; 5 for \$1.00 or 12 for \$2.00. Large size, 50c each; 5 for \$2.00 or 12 for \$4.00.

AQUILEGIAS Aquilegias or Columbines are extremely beautiful, and a collection of them should be a feature in every garden.

CHRYSANTHA. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden yellow.

COERULEA. (M) May and June. Bright blue flowers.

NIVEA GRANDIFLORA. (M) A fine pure white sort.

HYBRIDS. (M) Long spurred, various colors, a fine mixture. As a cut flower they are one of the daintiest of the hardy flowers. They're mixed shades.

BAPTISIA AUSTRALIS. (M) Handsome, dark green, fern-like foliage. Flowers pea-shaped and bright blue. Baptisia withstands drought exceedingly well. Large size, 35c; clumps, 50c.

BOLTONIA ASTEROIDES. (T) One of the showiest of our native perennials, closely resembling and

AQUILEGIA

allied to the hardy Asters; flowers pure white; August and September.

LATISQUAMA. (T) Pink, slightly tinged with lavender; good foliage.

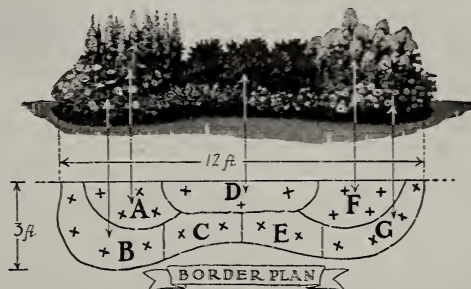

BELLIS (English Daisy). **PERENNIS.** (D) A favorite nearly hardy perennial plant, in bloom from early spring until well on in the summer. The plants we offer are from the finest double varieties.

CASSIA MARILANDICA. (American Senna). July to August. Large panicles of bright yellow. Very distinct.

CAMPANULA (Blue bells). **CARPATICA.** (D) June. This forms neat, compact tufts, covered with large, blue flowers; useful as an edging, or border plant.

PERSICIFOLIA. (M) June, July. Blue salver-shaped flowers, on stems 1½ to 2 feet high.

12 FOOT BORDER OF HARDY FLOWERS

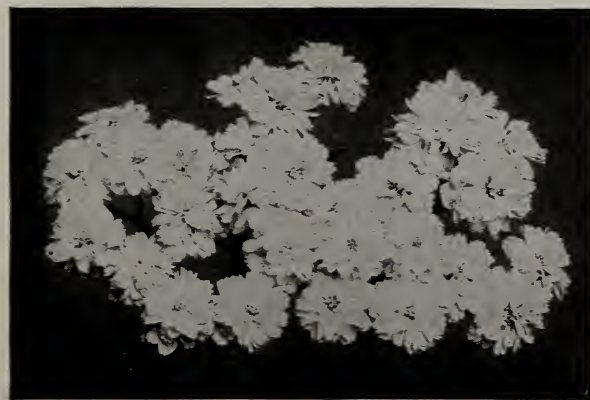

Enough plants to fill a border 12 feet long and 3 feet wide. All hardy flowers which will give you intermittent bloom all season.

ACHILLEA, THE PEARL

ACHILLEA—Milfoil or Yarrow

Very Suitable for Dry Sunny Places
and in the Border.

THE PEARL. (D) June to October. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers. Some are perfectly double, and produced in large sprays. Fine for cutting. Very vigorous and hardy.

BOULE DE NEIGE. (Ball of Snow) (D) An improvement on The Pearl; the flowers are of more perfect form, with fuller centers, which makes it appear purer in color. A valuable plant for the hardy border and for cutting.

Hardy Chrysanthemums

MANY are the lovely flowers that give a succession of beauty throughout the summer days, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms, and delight us with a show of blooms on such sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators, for no class of flowers is easier to manage. Their blooming period is from August to November. Height 18 to 36 inches.

HARDY CHRYSANTHEMUMS BLOOM FROM AUGUST TO NOVEMBER

AUTUMN GLOW. Rosy crimson, shading both warm and bright.

ETNA. Very fine, large fully double flower. Color, old rose, with salmon-pink shading; a striking variety.

GLORY OF SEVEN OAKS. Dwarf; golden yellow; very free-flowing, early.

INDIA. Fiery red flowers, very distinct and showy. Medium size flowers but full to center.

JULIA. A dwarf grower producing large clusters of flowers of medium size, color, red and bronze with amber shadings, very free flowering.

L'ARGENTUILLAIS. Deep chestnut; medium height; early.

OCONTO. A Japanese variety. White, very large flower; strong rigid stem; early.

OLD HOMESTEAD. Very large full flower, very free to bloom. Color beautiful lilac-pink.

SUPERBA. Large, double, full flower, color, deep rose pink. A beautiful variety and very free flowering.

Grandmother's Hardy Garden Mums

These are the old-fashioned and reliable Chrysanthemum that were so highly prized in the garden corners and alongside the house of "grandmother's home."

We offer the White, Pink, Red and Yellow separate colors.

PRICES:

All above varieties Hardy Chrysanthemums, first size plants, 15c each; 4 for 50c; 10 for \$1.00. Large size, 35c each; 3 for \$1.00; 10 for \$2.50.

COREOPSIS

LANCEOLATA GRANDIFLORA. (D) June, July. Another gem among hardy plants. It begins to flower early in June, its main crop of flowers coming during the latter part of that month, but continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting purposes. This plant will take care of itself and succeed in any position. Full size plants, 20c each; 3 for 50c; 12 for \$1.50. Large size plants, 35c each; 3 for \$1.00 or 10 for \$2.50.

WAGNER'S DELPHINIUMS

AS permanent subjects in the hardy flower garden, we have few plants more worthy of special attention than the Delphinium (Larkspurs). For producing a striking display over a long season, they are probably unique. For general effects in groups or beds they are extremely valuable as a whole, but one is easily carried away on closer inspection by the exquisite beauty of their flowers. Indeed, they have many points of excellence, any one of which alone should entitle them to popularity. But to appreciate their beauty one should see them growing, for it is almost impossible to convey anything like an adequate idea of their worth by mere description. The Delphinium of today is one of the most beautiful of all flowers. If flower stems, removed after finished blooming, will continue throwing up new growths and flowers throughout the season.

BELLADONNA. (M) Free and continuous blooming from the end of June until cut down by hard frost. The clear torquoise-

Hardy Perennial Offer No. 2

WAGNER PARK NURSERY CO.

SIDNEY OHIO -

blue of its flowers is not equalled for delicacy and beauty by any other. First size plants, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c each; 10 for \$3.00.

CHINESE. (Blue Butterfly) (D) A distinct and neat variety, growing about eighteen inches high with fine feathery foliage, and producing blossoms, of intense gentian-blue. First size plants, 15c each; 5 for 50c; 12 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

CHINESE ALBA. (D) The white-flowered form of the above. First size plants, 15c each; 5 for 50c; 12 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

ENGLISH. (T) Our tall English Delphiniums are of the truest type as we import our seeds from the best and most famous specialists of England. This collection includes practically all shades of blue and are wonderfully attractive. First size plants, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c each; 10 for \$3.00. Heavy 3 to 4-year clumps, 50c to \$1.00 each.

ENGLISH GOLD MEDAL HYBRIDS. (T) This is an extra fine strain of large flowered hybrids. The plants are of strong vigorous habit, with immense spikes of large flowers, mostly in fine shades of light blue. First size plants, 25c each; 5 for \$1.00; 12 for \$2.00. Large size, 35c each; 3 for \$1.00 or 12 for \$3.00. Extra large, 50c each; 5 for \$2.00; 12 for \$4.00. Heavy, 3 to 4-year clumps, 75c to \$1.50 each.

FORMOSUM. (M) June to Aug. The flowers are intense, deep blue, perhaps the most brilliant blue to be found in flowers freely produced on long spikes, and if the plants are cut back after flowering, they will bloom the second time in the fall. First size plants, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00. Extra large, 35c each; 10 for \$3.00.

DIGITALIS GLOXINIAEFLORA. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink.

FUNKIA Plantain Lily. The Plantain Lilies are among the easiest plants to manage. Their broad, massive foliage makes them attractive subjects for the border even when not in flower, and they deserve extensive cultivation. Height, 18 inches; flowering period, June to October.

COERULEA. (D) Their broad massive foliage makes them attractive subjects for the hardy border even when not in flower. Very desirable for shady locations. Blue flowers.

GLAUCA. A very pretty Japanese species, with distinctive bluish foliage.

SHASTA DAISY.

WAGNER GROWN SHASTA DAISIES

MAXIMUM-TRIUMPH. (D) These wonderful Daisies, of which a great deal has been written in the press, are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size and are borne on long, strong, stiff, wiry stems, about 2 feet in length. The flowers are produced in the greatest profusion, plants remaining in bloom for several months. They are perfectly hardy perennials, blooming better and more abundantly each season, and make a valuable addition to any list on account of the abundance of flowers and their wonderful size. For cutting, the flowers are unusually valuable. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00. Extra large, 35c each; 4 for \$1.00 or 10 for \$2.00.

KING EDWARD VII. (D) This variety has the same desirable characteristics as the Maximum-Triumph, but comes into flower much earlier, thus ranks among the choicest of our early flowering perennials. Flowers are white with yellow centers on long stems, suitable for cutting. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00. Extra large, 35c each; 4 for \$1.00 or 10 for \$2.00.

PRICES: All varieties on this page except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

Hollyhocks—The Old-Time Favorites

"Plant ye a Garden Path with Hollyhocks"

HOLLYHOCK Path. The very name breathes romance. Picture in your mind's eye a path lined on either side with stately rows of softly tinted blossoms merging into the brilliant tones of rose and scarlet. Tall and straight they grow, with masses of deep green leaves. You will find yourself dreaming and romancing a bit if you have a Hollyhock path in which to stroll occasionally.

The quaint charm of a Hollyhock Path is possible in almost every garden. Absolute accuracy is not required in the placing of the plants, but they should be placed compactly, for in their masses of bloom lies their chief beauty. The plants should be of good quality, fine, strong and up-

standing. You will find just such qualities in the varieties listed below.

DOUBLE HOLLYHOCKS. (T) Their flowers are large, fully double, handsome in form and lively shades of color. **Double White, Pink, Crimson and Yellow, mixed colors.**

SINGLE HOLLYHOCKS. (T) These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere. **Single White, Pink, Crimson, mixed colors.**

PRICES: All above varieties except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50.

GAILLARDIA GRANDIFLORA. (D) June to Oct. One of the showiest and most effective hardy plants. They will thrive in almost any soil or position, but respond freely to liberal feeding. The flowers are of gorgeous coloring and very large, from 2 to 3 inches in diameter, and are produced on long stems. The center is a dark red-brown, while the petals are variously marked with rings of brilliant scarlet crimson, orange, and vermillion, and often a combination of all these colors in one flower. It is excellent for cutting.

GYPSOPHILA PANICULATA. (Baby's Breath) (D) A beautiful plant possessing a grace not found in any other perennial. Pure white flowers, forming a beautiful gauze-like appearance.

HELIPOSI PITCHERIANA. (M) June to October. A desirable variety. The flowers are of a beautiful deep golden-yellow color, about two inches in diameter.

HELIANTHUS MAXIMILIAN. (T) September to November. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful and remains green until late frosts.

MOLLIS. (T) August, September. Single, lemon-yellow flowers.

RIGIDUS. (T) July to October. Single, golden-yellow flowers with dark centers.

LILY OF THE VALLEY. Convallari. Large, luxuriant foliage; flowers small, bell-shaped, in pretty racemes and very fragrant.

LYCHNIS CHALCEDONICA. (M) June to July. Bright crimson clusters of flowers. Excellent for cutting.

DAY LILIES (Hemerocallis)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. They possess a constitution equal to that of Golden Glow. Flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

DAY LILIES

HOLLYHOCKS

DAY LILIES—Cont'd

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs it is unrivaled.

DISTICHA FL. PL. (M) A late blooming variety. Flowers are double, orange yellow shaded copper. **Strong roots, 25c; large size, 35c; clumps, 50c.**

FULVA. (M) A commonly known variety of easiest culture. Flowers bronzy orange color. **Strong roots, 10c; large size, 20c; extra heavy clumps, 30c.**

KWAMSO FLORE PLENO. (T) Foliage is broad and of good color. Blossoms on long, stiff stems and of orange-yellow color. **Strong roots, 20c; large size, 30c; clumps, 50c.**

LUTEOLA. (M) The long-tubed half reflexed, bright yellow flowers are borne on tall branching stems, each flower very large. **Strong roots, 15c; large size, 30c; clumps, 50c.**

THUNBERGII. (D) Blossoms are pure yellow and sweet scented and produced on long stems. Blooms freely. **Strong roots, 15c; large size, 25c; clumps, 50c.**

Wagner Park Mallows

THESE Mallows are considered as the most marvelous of all hardy plants. Their flowers are of enormous size, often measuring eight to ten inches across, and are gorgeous in color. They bloom in the greatest profusion from July to October, and when in flower are a sight to behold. The plants are as hardy as an oak, and will grow in most any soil or situation. Do not fail to include some of these in your order. We can highly recommend even the mixed colors.

CRIMSON MALLOWS. Most beautiful and showy flowers of all. Nothing could be more gorgeous in color. Large plants, 75c; Extra large, \$1.00.

RED AND ROSE SHADES. This lot includes all choice bright shades. Large size, 35c; \$3.50 per doz.; extra large, 50c each.

PINK MALLOWS. Most delicate shades of pink found among these. Large size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c each; 3 for \$1.00 or 10 for \$2.50.

WHITE MALLOWS. Center of blossoms a rich crimson, making a fine contrast. Large size, 35c; extra large, 50c.

CRIMSON MALLOW SEEDLINGS.

These plants are grown from seed collected from the choicest crimson flowering plants, and most of these plants will prove to be beautiful crimson and red shades. First size plants, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

WAGNER PARK MALLOWS

MALLOWS MIXED COLORS. This collection includes a great variety of colors from pure white and pink to red and scarlet shades. Every plant will bloom and give satisfaction. First size, 10c each; 6 for 50c or 15 for \$1.00. Large size, 20c each; 6 for \$1.00. Extra heavy clumps, 35c each; 4 for \$1.00 or 10 for \$2.00; 100 for \$15.00.

PLANTING FOR BEAUTY AND PROFIT

Gentlemen: We sold our home and wish to say that the planting you furnished us was one of the strong points in selling the property. Nearly every plant grew, and we were much pleased.

Mr. and Mrs. W. D. Todd,
Warren, Pennsylvania.

LET US HELP YOU PLAN YOUR GROUNDS

FOR many years we have been assisting our customers in planning and developing their grounds. No matter how simple, nor how complex your problem, Wagner Landscape Department is at your service. Our experts are fully experienced in

every kind of work and you may profit by their experience. Landscape your place the Wagner way. See page 40.

Hardy Ornamental Grasses

FOR ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The clumps enlarge in size yearly, each season's

growth dying to the ground every winter, but is supplanted by newer, denser and more vigorous increase. In the fall the grass may be cut and utilized for the winter protection of tender plants and Roses. The plumes which these grasses produce are large and beautiful, having a feathery appear-

ance, and are used for interior decoration. Absolutely hardy. All our plants are propagated from the root, and hence more valuable than seedlings, which do not come true.

EULALIA GRACILLIMA. This grand variety of Eulalia forms handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with midrib of silvery white.

JAPONICA. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes.

JAPONICA VARIEGATA. Standard old sort of distinctive value. Blades striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green.

PHALARIS ARUNDINACEA VARIEGATA. (Rib-bon Grass) An excellent variety, very desirable for bordering large beds of other ornamental grasses.

PRICES: All varieties Hardy Grasses. First size, 20c each; 6 for \$1.00; 12 for \$1.50. Large size, 25c; 5 for \$1.00; 12 for \$2.00. Extra heavy, 3 to 4-year clumps, 50c; \$5.00 per doz.; \$30.00 per 100.

WAGNER'S CHOICE NAMED IRIS

Plant Irises anywhere. They always respond with a showy mass of blossoms even when planted in low, wet and boggy places, or on margins of water, pools and lakes, or on dry ground.

THE millionaire may enjoy his hothouse orchids, but nature has placed within the reach of everyone an absolutely hardy substitute. The Iris. Mysterious as the opal with its ever-changing fire. More beautiful than the orchid so fragile as to be crushed by the slightest pressure. Irises are of low compact growth making them especially desirable for edging. We will be glad to help you demonstrate the added beauty they will give to your place.

ATROPURPUREA. Deep purple, large and fine. Its mass of flowers always striking. Is one of the best for general planting and should be in every collection.

AUREA. A beautiful species producing solid chrome yellow flowers with practically no markings; a good free bloomer. Combines well with Atropurpurea or, if planted in front of Iris Pallida dalmatica, will give a gorgeous effect.

ALVAREA. Upright petals are light blue, falls brilliant purple.

BLACK PRINCE. Early, rich royal purple.

BRIDESMAID. (M) A soft lavender, falls penciled carmine; a wonderful blending.

CALIFORNIA. Fine bright sunflower yellow.

CALYPSO. Pale blue, veined white and pale lilac; a grand variety.

CELESTE. Celestial blue, changing to porcelain; most beautiful combination.

CYTHERA. Tall grower and fine flower. Stand petals lavender, falls purple, veined white.

CANARY BIRD. Stand petals bright yellow, falls deep yellow.

CANDICANS. Stand petals light lavender, falls reddish-purple.

DONNA MARIE. A most beautiful variety producing large pearly white flowers. The outer petals are shaded lilac. Fine for general planting, as it will harmonize with any other variety of plants.

DARIUS. A strong grower, stem often attaining a height of $\frac{2}{3}$ feet. Stand petals lemon-yellow, falls lilac, bleaching on edge.

DR. THEMMENT. A deep rosy-purple with deeper veins.

EDITH COOK. A deep yellow, splashed with purple, very odd.

FAIRY. A very light lavender, almost white. One of the most showy and satisfactory for general planting.

FLAVESCENS. Light primrose yellow, very large, fine flowers; remarkably free-blooming.

FLORENTINA ALBA. (Orris Root) Flowers large and very fragrant; color white, tinged with blue, and of the earliest to come into bloom.

FRAGRANS. Stands white, edged blue, falls white, blue veined.

GERTRUDE. Beautiful violet-blue, solid color.

GLADSTONE. Erect petals white tinged violet, drooping petals deep violet, almost a solid color, white stripes at base of petals.

GRACCHUS. Erect petals lemon, drooping petals pale yellow reticulated purple; dwarf, compact growing.

HERLEQUIN. An orchid-like flower, stands pearly-white with purple spots, falls heavy striped with deep purple.

HER MAJESTY. Pinkish violet and deep reddish violet with dark veinings.

HONORABILIS. Stands golden-yellow, falls crimson-brown.

JOHN DEWITT. Stands bluish-violet, falls deep violet-purple, a grand variety.

KHARPUT. Stands violet; falls velvety-violet-purple; very large, handsome flower.

MRS. DARWIN. Very fine, large pearly white, free flowering.

PALLIDA DALMATICA. Stands light lavender, falls lavender, shaded blue.

PALLIDA A. VICTOR. Very large, deep lavender, extra fine.

PALLIDA QUEEN OF MAY.

Erect petals orange, falls rosy lilac, veined yellow.

PALLIDA SPECIOSA. Stands dark lavender, falls light purple.

PENELOPE. Upright petals nearly white, falls veined lively purple.

PLICAYA. Stand petals violet-purple, falls deep purple; very striking.

QUEEN OF THE GYPSIES. Center petals light brown, lower petals reddish purple and old gold.

REBECCA. Stand petals golden yellow, falls yellow and plum.

SAPHO. Tall grower, stand petals violet blue, falls rich-purple. Early, fragrant.

STENEPHYLLA. Late bloomer, large flowers and orchid shape. Color deep blue with darker shadings.

SOUVENIR. Upright brilliant yellow, falls freely veined network of yellow, buff and maroon.

SPECTABILIS. Stands pale lavender, falls blue and old gold.

ULYSSE. Tall, gray tinged brown, fall petals purple, late.

VIRGILS. A light brownish blue, lower petals purple and gold.

WALNERI. Lilac center, lower petals purple.

WILLIAM III. General effect of this variety is a lavender pink, a color very rare among Irises.

MIXED COLORS. A variety of shades and colors. Strong roots, 50c per doz. Large size, \$1.00 per doz. Heavy clumps, \$2.00 per doz.

OTHER DESIRABLE SPECIES

WAGNER'S SNOW WHITE IRIS GIGANTEA. Thick heavy dark green foliage and remains green all season. Large, pure snow-white blossoms having a waxy appearance. First size, 25c each; 5 for \$1.00; 12 for \$2.00. Large size, 35c; 3 for \$1.00; 10 for \$2.50.

ORIENTALE BLUE KING. A native of Japan. Blossoms on tall, erect stalks and are a bright clear blue. Foliage narrow, and remains green all summer. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00.

ORCHID IRIS. (Pseudacorus) Rare and beautiful indeed is this variety. Flowers are pure yellow, a color rarely seen among Irises. First size, 50c each; 5 for \$2.00; 12 for \$4.00.

IRIS PUMILA. Rich royal purple. Earliest and dwarfiest of all Irises. First size, 20c each; 3 for 50c; 10 for \$1.50.

SIBERICA. A very practical, showy and prolific type of comparatively dwarf habit; with narrow, grassy foliage and 2 to 3 foot stems; furnishing a prodigious amount of medium sized flowers during June. First size, 15c each; 5 for 50c; 12 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50.

Wagner's Double PEONIES

A NOBLE flower, almost rivaling the rose in brilliancy of color and perfection of bloom, and the Rhododendron in stately growth. The first point in their favor is hardiness. It may be truly said of them that they are "hardy as an oak." In the severest climate the plants require no other protection than that which they afford themselves. Then their vigorous habit and healthy growth, freedom from all diseases and insects are important arguments in favor of their cultivation. Each succeeding year adds to their size and beauty. The foliage is rich and glossy and of a beautiful deep green color, thus rendering the plants very ornamental even when out of flower. They produce very large, handsome, regularly formed cupped blooms resembling large roses. No other flower is so well adapted for large, showy bouquets. The Peony may be planted either singly on the lawn or in borders. Where the lawn is extensive a large bed makes a grand show, even surpassing a bed of Rhododendrons. It is really a flower for the million. They blossom in May and June. Our collection has been made with great care and good values are assured.

AMBROISE VERSCHAFFELT. Purplish crimson; very full, flower fragrant. A grand showy variety. Strong roots, 75c; large size, \$1.50; clumps, \$3.00 each.

AMERICAN BEAUTY. Deep pink. First size, 50c; large size, 75c; clumps, \$1.00 each.

FLORENCE TAYLOR. Compact handsome soft pink. Very choice. Strong roots, \$1.50; large size, \$2.00; clumps, \$4.00 each.

LADY BRAMWELL. Beautiful silvery rose, very fragrant. Early and free flowering. Strong roots, 40c; large size, 75c; heavy clumps, \$1.50 each.

MD. BRESN. Flesh color, whitish yellow center. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

MILES STANDISH. Shell pink. Chrysanthemum center. Strong roots, 40c; large size, 75c; clumps, \$1.50 each.

MEISSONNIER. An excellent grower with good foliage. Uniform brilliant purple-red. Strong roots, \$1.00; large size, \$1.50; clumps, \$3.00 each.

MYRTLE. Semi-rose type; late, opens pale pink, changing to pure white. Unusually fine. Strong roots, \$3.00 each; large size, \$5.00; clumps, \$10.00 each.

QUEEN ESTHER. Blush white. Chrysanthemum center. Strong roots, 75c; large size, \$1.25; heavy clumps, \$2.50 each.

REINE DES FRANCOIS. Guard petals fleshy pink, petaloides creamy white, with lavender tuft. Strong roots, 75c; large size, \$1.25; clumps, \$2.50.

*Beautiful Silvery
Rose*

Lady Bramwell

ALBERT CROUSSE. Flesh pink, a rare shade. First size, 75c; large size, \$1.50.

BEAU BRUMMEL. Clear pink, compact with silver reflex. Strong roots, \$1.00.

BARONNE JAS. DE ROTHSCHILD. Silvery pink, center purplish pink. Strong roots, 75c; large size, \$1.50.

CHARLEMAGNE. Lilac white, blush centers. One of the best. First size, 75c; large size, \$1.25.

CLARISSA. Rose pink. One of the finest flowering varieties we grow. First size, 50c; large size, 75c; clumps, \$1.50.

COMTE DE MANTEUIL. Deep rose petals tipped with white. Strong roots, 50c; large size, \$1.00; extra heavy clumps.

COMTE D'OSMOND. White with sulphurish center. Excellent. Strong roots, 75c; large size, \$1.50.

DELACHEI. Deep amaranth exposing golden stamens. Strong roots, 75c; large size, \$1.25.

DORTON'S COROS. Beautiful bright pink, a showy and free flowering variety and of a solid color. A very satisfactory peony. First size, 50c; large size, 75c; clumps, \$1.50.

DUC DE GAZES. Outer petals deep rose, center silvery rose. Strong roots, 35c; large size, 75c; clumps, \$1.50.

DELICATISSIMA, pale lilac rose. Midseason. Extra good keeper and shipper. Strong roots, 50c; large size, \$1.00; clumps, \$1.50.

DORCHESTER, pale hydrangea-pink. Free bloomer. Extra good. Strong roots, 75c; large size, \$1.25.

EVA, deep pink, extra large, very beautiful. Strong roots, \$1.00; large size, \$1.50.

PEONIES—Cont'd

- EMMA**, pure pink, one of the best peonies grown. Strong roots, \$1.00; large size, \$1.00.
- EMILY** (Kelway), garnet-red; wonderfully attractive. Strong roots, \$1.00; large size, \$1.00.
- FESTIVA MAXIMA**. The best known and generally considered the finest white Peony grown. Though an old variety, it has never been surpassed. Color snow white, center petals touched purplish carmine; enormous full double bloom; very broad petals; handsome foliage; very tall, vigorous grower; splendid strong stem; early bloomer. Strong roots, 50c; large size, \$1.00.
- FLORAL TREASURE**. Soft rose, ligules buff, with tufts of rose petals in center; carried on long stems; distinct and fine; fragrant. Strong roots, 50c; large size, \$1.00; clumps, \$1.50.
- FORMOSA ROSEA**. Guard petals light rose, petaloides of silvery rose. Strong roots, 50c; large size, \$1.00; clumps, \$1.50.
- GRANDIFLORA SUPERBA**. Dark pink, center light rose. Very showy. Strong roots, 75c; large size, \$1.50.
- HERCARTIAN**. Guard petals deep rose, with incurved petaloides of silvery rose. Strong roots, 75c; large size, \$1.25.
- HUMEI ROSEA**. Enormous double pink flowers. Strong roots, 25c; large size, 50c; clumps, \$1.00.
- IRMA**. Soft clear pink with outer petals of carmen. Strong roots, 75c; large size, \$1.50.
- JAMES ODIER**. Guard petals deep pink, center silver pink suffused with chamois. Strong roots, 75c; large size, \$1.00; clumps, \$1.50.
- LADY ELBROWER**. Light pink. Strong roots, 30c; large size, 50c; extra heavy clumps, \$1.00.
- LOUIS VAN HOUTTEI**. Medium, very loose in structure, showing the yellow stamens when in full bloom. A rich red rose. Strong roots, 75c; large size, \$1.50.
- MATHILDE DE ROSENECK**. Very large, globular, rose type. Uniform pale lilac-rose, center deep carmine. Strong growers and free bloomers. Late. A distinct and beautiful variety. Strong roots, 75c; large size, \$1.50.
- MARIE JACQUIN**. Semi-double type; midseason; color glossy rosy-white with rose tinge on buds, with a great wealth of golden yellow stamens in the center, which gives it a very chaste and elegant appearance. Strong roots, 75c; large size, \$1.50.
- MARIE STUART**. Bright rose. Midseason. Strong roots, 75c; large size, \$1.25.
- MME. JULES ELIE**. Glistening pink, edged silver-rose; extra large flower. Strong roots, 75c; large size, \$1.50.
- NEPTUNE**. Large, medium compact crown. Lilac-white, collar milk white; cream white stigmas. Strong, erect, tall grower, free bloomer, mid-season. Strong roots, 75c; large size, \$1.50.
- PRINCESS BEATRICE**. Large, clear pink. Strong roots, 50c; large size, \$1.00.
- ROSE d'AMOUR**. Large flower of very soft carnation-pink; very fresh color; fine. Strong roots, \$1.00; large size, \$1.50.
- ROSEA ELEGANS**. Delicate rose. Strong roots, 50c; large size, \$1.00.

SPECIAL PHLOX OFFER

- 5 BRIDESMAID, Medium
3 ISABEL DUPUY, Tall
7 CHAMPS ELYSEE, Dwarf

First size, postpaid	\$1.25
Large size, postpaid	\$2.75

WAGNER'S Hardy PHLOX

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost. Our small, thrifty plants will produce surprisingly good results.

HARDY PHLOX

- BRIDESMAID**. (M) Pure white, with large crimson center; very free flowering.
- CHAMPS ELYSEE**. Rich, deep, purplish crimson dwarf habit. First size, 20c each; 3 for 50c; 12 for \$1.50. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.
- ECLAIREUR**. (D) Flowers are large size and bright, violet-purple with carmine eye. One of the choicest varieties and of easy growth.
- FRAULEIN G. VON LASSBURG**. (M) Flowers and truss of extreme size, purest waxy white.
- HEROINE**. (M) A variety producing flowers of odd color which is a light violet-blue.
- ISABEL DUPUY**. (M) Rose, red center. One of the best pinks; very bright, excellent for backgrounds.
- LOTHAIR**. (M) A grand showy variety, producing bright red with carmine eye flowers in large trusses. First size, 20c; 3 for 50c; 12 for \$1.50. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.
- LA VAGUE**. (D) Beautiful, bright pink, early flowering, of dwarf habit. Fine for solid beds. Unusually free flowering and we consider it one of the best for general planting.
- L'ESPERENCE**. (M) Lavender-pink, large white eye; one of the finest in our collection.
- MISS LINGARD**. (M) A grand variety beginning to flower in early spring and continues throughout the season. An excellent variety in every way and may be planted in solid beds among the hardy border plants, or used as an edging plant. Color, white with light lilac center.
- MRS. JENKINS**. (M) Absolutely snow-white. Medium sized flowers and truss. A very free bloomer.
- PINK BEAUTY**. (M) Very fine pale pink of enormous size. First size, 20c each; 3 for 50c. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.
- RHYNSTROM**. Fine for massing. Color a beautiful deep rose pink, holding its color. First size, 20c each; 3 for 50c; 12 for \$1.50. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.
- RICHARD WALLACE**. (M) An exceptionally good grower. Flowers white with large carmine eye.
- WAGNER PARK EVERBLOOMING**. Beautiful bright pink, one of the earliest to flower; if old flowers are kept cut off, it will bloom more or less the entire season. First size, 20c each; 3 for 50c; 12 for \$1.50. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.
- WAGNER'S SPECIAL PHLOX No. 50**. This collection of Phlox consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flowers and truss. Color ranges from white flesh to bright pink, reds and other beautiful shades.

PHLOX SUBULATA (Moss or Mountain Pink) (Creeping Phlox) Early spring flowering with pretty moss-like evergreen foliage. Very dwarf and desirable for the rockery.

ROSEA. Very free flowering; pinkish-purple, dark center.

PRICES: All varieties Phlox except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 30c each; 4 for \$1.00; 10 for \$2.00.

Perennials Continued

PAPAVER ORIENTALE. (M)

(Poppy) Nothing can equal these in gorgeous effect. Rich, brilliant scarlet color.

ORIENTALE MIXED. (M) This is as fine an assortment as selected seed can produce. Being propagated from seed will vary in color, frequently a dozen shades from as many plants. Plant them freely in your hardy borders.

PARDANTHUS

(Blackberry Lily) **Sinensis.** Lily-like flowers of bright orange during July and Aug., on $\frac{3}{4}$ feet high stems, followed in September with seeds which resemble blackberries; will grow and do well in any soil in a sunny location. A very showy perennial and well adapted to the perennial border.

PERIWINKLE (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rock work. It is indispensable. In spring it is covered with blue flowers. Perfectly hardy in all localities. It makes a handsome plant.

PHYSOSTEGIA VIRGINICA. (M) A unique and attractive American plant that stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border or with shrubs it is unrivaled. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Flowers are produced in large, graceful spikes and are a bright, soft pink. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Will succeed in most any kind of soil.

SPECIOSA ALBA. (M) Habit same as above, pure white flowers.

PINKS ABBOTSFORD. (D) Rich carmine pink, large double flowers on long stems.

PINKS SINGLE. (D) A fine collection in various colors. The good old-fashioned "Pinks" so frequently found in Grandmother's garden. Of dwarf habit, and their delightfully spicy fragrance scents the air in May and June. The foliage is attractive throughout the year, and they are especially useful for edging perennial borders.

PYRETHRUM
HYBRIDUM

PLATYCODON.

PENTSTEMON BARBATUS TORREYI.

(M) June to Sept. A very valuable late flowering variety with beautiful bright red flowers; thrives also in partly shaded places. First size, 15c; large size, 25c; clumps, 35c.

PUBESCENS. (D) An unusual thrifty growing shrub bearing bright rosy purple flowers from June to August. Thrives in full shade or open sunny positions.

SMALLI (D) June to August. A very hardy perennial of strong growth and thrives in almost any soil or situation. Especially desirable for shady places.

PLATYCODON

GRANDIFLORUM. (Japanese Bell Flower) The Platycodons are closely allied to the Campanula and form neat, branched bushes of upright habit, 2 to $\frac{3}{4}$ feet high, producing their attractive blue or white flowers from July to October, deservedly one of the most popular hardy plants. Blue and white.

PRICES:

All varieties Perennials listed above except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50.

PYRETHRUM HYBRIDUM PAINTED DAISIES

low, compact growth with lace-cut foliage of beautiful green and are excellent for edging, or for general planting, and in solid beds. The flowers resemble that of a Daisy in shape, are of large size, and the color ranges from pure white and the various shades of pink and red to deep purple.

RUDBECKIA LACINATA. GOLDEN GLOW. (T) Aug. and Sept.

Large, double golden, yellow, Dahlia-like flowers.

NEWMANI. (D) Dark orange-yellow flowers, with deep purple center. July to Sept.

PURPUREA. (M) June to Oct. Entirely distinct from all other perennials. Is a peculiar formation as well as the color of flowers which are reddish purple with large cone shaped center in brown. Flowers are held high on erect stems and are of striking appearance. Very reliable.

SEDUM SPECTABILIS. (D) In formal work it is indispensable as it grows compact and bushy. Flowers, rose colored and cover entire top of plant. Is also very good among rocks, where it seems perfectly at home. Blossoms late in the season, making a showy effect.

ACRE. (Golden Moss) Much used for covering graves and for the rockery; foliage green, flowers bright yellow. Its pleasing gold will delight you.

TRITOMA Pfitzeri (D) (Red Hot Poker Plant) Large, attractive, rich orange scarlet flowers produced on long stems. Large size, 25c; 5 for \$1.00; 12 for \$2.00; extra large, 50c; 5 for \$2.00; 12 for \$4.00.

VALERIANA ALBA. (M) (Garden Heliotrope) Produces showy heads of white flowers during June and July, with delicious, strong heliotrope odor.

COCCINEA. (M) Showy heads of old-rose flowers. June to October.

VERONICA SPICATA. Blue flowers are always sought after among perennial plants and there are comparatively few of them. It forms a compact bush about 2 feet high, which is studded with spikes of flowers about a foot long from July to October. A clump of Veronica in the border is always effective.

LONGIFOLIA SUBSESSILIS. (D) (Blue Bird Flower) A border plant with attractive foliage of distinct character. Flowers are borne abundantly during July and August, in long, compact spikes. Deep indigo blue.

VIOLET LA FRANCE. Single flowers, light purple. Good for shady places.

EVERGREEN YUCCA.

YUCCAS

Hardy Flowering Evergreen
Plants of Great Beauty.

THE YUCCA PLANT is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens that it attracts attention on the smallest lawn, and is worthy of large space in the more pretentious grounds.

The rich, green foliage grows in thick clumps of long, slender, graceful evergreen leaves. When planted in good soil the flower stalks grow tall and each stem frequently bearing from 50 to 200 big, creamy white, bell-like blossoms. Bearing in mind that an individual blossom often measures 2 inches, one can picture the rare effectiveness of large clusters of these.

YUCCAS are particularly desirable on account of their hardiness and their ability to grow in poor, scanty soil, on terraces, or among rocks—any place, in fact, where there is just enough earth for their roots to take hold. All in all, the Yucca is one of the most satisfactory plants, and we recommend it heartily for giving year-round beauty to any lawn.

PRICES:

First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50. Extra heavy 3-year clumps, 35c each; 3 for \$1.00; 10 for \$3.00; 100 for \$25.00.

Don't fail to plant a clump of two, three or more. Are very effective.

LET WAGNER'S SHRUBBERY IMPROVE YOUR OUTLOOK

HARDY FLOWERING SHRUBS

HAPPILY the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of evergreen, deciduous, and flowering shrubs at Wagner Park nurseries offers endless opportunity for producing beautiful effects practically the year round. A mass of common bush Holly (*Mahonia Aquifolia*) to select a very simple example, will put warmth and cheer into the grayest November day, while the brilliance of tone and

the handsome, glossy foliage of a Barberry hedge under December skies will make us forget "the joys of June." We should like to be able to devise for every nature-lover a "shrub-itinerary," so to say, with a special eye to exposure, climate, etc. We do this indeed, when clients consult us.

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park Stock, is easy, pleasurable and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

HOW FAR APART TO PLANT SHRUBS.

The height of each plant when fully matured is indicated by the figures (I) (II) and (III) immediately following the varieties listed in this catalog. Figure (I) indicates varieties growing from 1 to 3 feet; plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet; plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. We have listed both extremes in planting distance, although there are no set rules to follow, other than personal preferences. More immediate mass effects are secured by close planting, while placing the shrubs farther apart gives the open effect desired by some.

Note: Strong plants with well developed roots and bushy tops are the qualities found in Wagner shrubs. Height alone is not a sufficient guide to quality, although we list some varieties by height for comparison. You will be pleased with the size and general vigor of Wagner shrubs. The Wagner guarantee assures satisfaction.

PRUNING SHRUBS. In pruning shrubs they should be allowed to take their natural perfect form, and when branches become old

and weak they should be cut away from the outside, thus thinning out and allowing the new shoots to grow and take their place. The practice of shearing the ends of branches only without thinning out any of the inside branches cannot be too severely condemned, for it not only gives them an unnatural form in which there is little or no beauty, but also causes an increase in the number of small imperfect shoots on the ends of the branches, and resulting in a very imperfect growth that produces very few flowers. Pruning should be done right after the flowering season, especially with the early flowering sorts such as the Lilac (*Syringas*), Snowball (*Viburnum*), Cydonias, Forsythia (Golden Bell), etc. Varieties that flower on the new growth as Altheas, Hydrangeas, etc., are best pruned in the spring before new growth starts. This will insure good strong branches and large flowers. Dead branches and irregular or straggly growth may be cut away any time.

GENERAL INSTRUCTIONS AS TO PLANTING, CARE, ETC., ACCOMPANY EACH SHIPMENT.

SEVEN of the BEST SHRUBS for FOUNDATION PLANTING 20 Plants, \$5.00

A COLLECTION of choice hardy flowering shrubs that will make a beautiful setting for your home for years to come. These are especially suitable for foundation planting, for grouping, or a border planting.

VARIETIES OF SHRUBS

ALTHEA (Hibiscus or Rose of Sharon) (III) Well known to all. These handsome, late, summer flowering shrubs, are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. They make a steady growth and flower profusely every fall. As a hedge plant they are extremely valuable. The mixed colors will give a variety of color.

BOULE DE FEU. Large violet-red flowers. First size, 35c each; 10 for \$3.00. Large size, 50c; 10 for \$4.00.

JEANNE D'ARC. Double pure white; one of the finest. First size, 35c each; 10 for \$3.00. Large size, 50c; 10 for \$4.00.

MIXED COLORS. Altheas make a most beautiful hedge. Their flowers are large and their freedom to bloom, time of flowering, etc., render them most valuable. A hedge or planting of mixed colors is indeed a grand sight. First size, 20c each; 3 for 50c; 12 for \$1.50 or 100 for \$16.00. Large size, 30c each; 4 for \$1.00; 10 for \$2.00 or \$15.00 per 100. Extra large size, 40c; 3 for \$1.00; 10 for \$3.00.

ABELIA GRANDIFLORA (Bush Arbutus) (II) Magnificent flowering shrub of unusual beauty. The exquisite white flowers, faintly flushed with pink, almost cover the bush all summer. Large size, 75c. Extra large, \$1.00.

ALMOND PINK FLOWERING (II) May. Beautiful pink and very desirable. First size, 75c. Large size, \$1.00. Extra large, \$1.50 each.

WHITE FLOWERING (II) May. Very desirable, pure white. First size, 75c. Large size, \$1.00. Extra large, \$1.50 each.

AMORPHA FRUTICOSA (False Indigo) (I) Hardy free-flowering shrub, having compound feathery foliage and finger-like spikes of indigo-colored flowers; blooms early in June. They are very valuable for border plantations, or for massing on rocky slopes or banks. The unusual color of the flowers invariably attracts attention. 2 to 3 ft., 30c, 10 for \$2.00; 3 to 4 ft., 50c, 10 for \$4.00, 100 for \$25.00.

BERBERIS THUNBERGI (Japanese Shrub) (I) Not only an invaluable shrub where a low, compact hedge is wanted, but fits in admirably with other shrubs in every planting. Has handsome foliage of tiny bright green oval leaves, then turns most brilliant shades of orange and red in the fall. The slender, graceful branches are thickly lined with scarlet berries throughout the early winter. 1-year size, 20c each; \$1.50 per 10; \$12.00 per 100.

	Each	Per 10	Per 100
12 to 18 inches, Bushy	\$0.25	\$2.00	\$15.00
18 to 24 inches, Heavy40	3.50	25.00
24 to 30 inches, Extra Heavy50	4.50	35.00

BUDDLEIA VARIABILIS. (II) (Summer Lilac) (Butterfly Bush) This shrub of comparative recent introduction has grown into favor almost immediately. It is a semi-

herbaceous plant, by which we mean in some latitudes it will die down to the ground; and while perfectly hardy we recommend covering the roots with manure, leaves or other material as winter approaches, as it will help to produce a heavy growth the next season. Blooms the first season, usually from June until frost: the blossoms are borne on long, graceful stems, which terminate in tapering panicles of lilac-colored flowers that are of miniature size, the flower head is frequently ten inches long. First size, 25c each; 5 for \$1.00; 12 for \$2.00. Large size, 35c each; 3 for \$1.00 or 10 for \$3.00. Extra large size, 50c each; 5 for \$2.00; 12 for \$4.00.

BERBERIS THUNBERGI

CALYCANTHUS FLORIDUS. (II) Double chocolate colored flowers. 50c each.

CARYOPTERIS MASTACANTHUS. (Blue Spirea) (I) September. Fragrant blue Verbena-like flowers. 50c each.

CORNUS THE DOGWOODS. One of the most popular shrubs for general planting because of its showy flowers and fruits, which make it attractive all summer, and likewise because of the brilliant color of the bark of the young shoots in the spring. All of the varieties are hardy and vigorous; they will do well in any moist, fertile soil. Valuable for shrub borders, for hedge plants and screens, in fact, for any purpose for which attractive flowering shrubs can be used.

ALTERNIFOLIA (III) It has clustered white flowers, dark blue fruits and its irregular whorled branches form flat, spreading tiers. 2 to 3 ft., 40c, \$3.00 for 10; 3 to 4 ft., 60c each, \$5.00 for 10.

PANICULATA. (Gray Dogwood) (III) One of the best sorts for tall shrub groups. Showing a profusion of good sized white flowers in June. Berries white, on noticeable red stems. Bark and underside of leaves gray. 2 to 3 ft., 35c each; \$2.50 for 10; 3 to 4 ft., 50c each; \$4.00 for 10.

SANGUINEA. (III) A shrub of spreading habit; purplish-red branches, flowers greenish white, followed by black berries. Desirable for massing. 2 to 3 ft., 50c each; \$4.00 for 10; 3 to 4 ft., 75c each; \$6.00 for 10.

SERICEA. (Silky Dogwood) (I) Usually dwarf growing with silky leaves, and dense cymes of greenish white flowers in early summer. Bark purplish, fruits black. 2 to 3 ft., 35c each; \$2.50 for 10; 3 to 4 ft., 50c each; \$4.00 for 10.

SIBERICA. (III) This has deep crimson bark and should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant small blossoms are borne in early summer. Followed by white fruit. 2 to 3 ft., 50c each; white, \$4.00 for 10; 3 to 4 ft., 75c each; \$6.00 for 10.

STOLONIFERA. (III) Valued for its colored bark. Small white flowers. 2 to 3 ft., 50c each; \$4.00 for 10; 3 to 4 ft., 75c each; \$6.00 for 10.

STOLONIFERA AUREA. (Golden-barked Dogwood) (II) Bright yellow bark in winter. Very effective when planted with red-barked varieties. 2 to 3 ft., 50c each; \$4.00 for 10; 3 to 4 ft., 75c each; \$6.00 for 10.

CELASTRUS SCANDENS. (THE BITTERSWEET VINES.) Twining shrubby vines with remarkably showy fruits, of extreme hardiness. They are very effective for covering walls, rocks or trellis work, or for climbing trees and lattice. Almost any kind of soil is suitable for them, either in sun or partial shade. Capsules orange-yellow, with crimson arils, persisting throughout the winter. The unopened mature capsules will quickly open when cut and partially dried. First size, 30c each; 10 for \$2.00. Large size, 50c each; 10 for \$4.00. Extra large, 75c each; 10 for \$5.00.

CYDONIA JAPONICA. (Pyrus) (Fire Bush) (III) One of the early spring flowering shrubs, the fiery blossoms pink to crimson, creating a grand display. First size, 35c. Large size, 60c. Extra large, 75c each.

DEUTZIA CRENATA

HARDY FLOWERING SHRUBS—Continued

DEUTZIAS

The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering, grouping, or planting near the house. Flowering period, May, June.

CANDIDISSIMA. (II) A very valuable shrub, with strong, upright branches, producing its pure white, double flowers in abundance. Very beautiful. First size, 35c; 3 for \$1.00. Large size, 65c; 4 for \$2.50.

CRENATA. (III) Exquisite flowers of double rosette shape, tinged with soft pink. A strong and vigorous grower. A most satisfactory variety. First size, 35c; 3 for \$1.00. Large size, 65c; 4 for \$2.50.

FORTUNEI. (II) White flowers; quite distinct. First size, 35c; 3 for \$1.00. Large size, 65c; 4 for \$2.50.

GRACILIS. (I) Forms a round, dense bush. Snow white flowers of much beauty; good for shady places. First size, 35c; 3 for \$1.00. Large size, 65c; 4 for \$2.50.

PRIDE OF ROCHESTER. (II) A profuse bloomer; large, double, white flowers, tinged pink. One of the best. 2 to 3 ft., 35c, 10 for \$3.00; 3 to 4 ft., 50c, 10 for \$4.50; 4 to 5 ft., 75c each, 10 for \$6.00.

SCABRA. (II) Rough-leaved Deutzia. Very vigorous; flowers white, single, bell-shaped, in small, erect bunches. 2 to 3 ft., 35c, 10 for \$2.50; 3 to 4 ft., 50c, 10 for \$4.50.

EUONYMUS

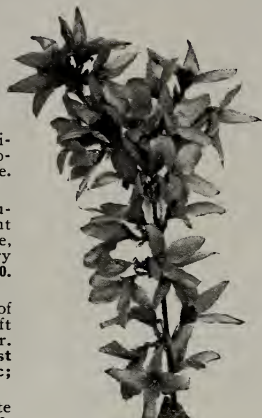

EUROPAEUS. Excellent for planting among other shrubs. See under trees, page 25.

FORSYTHIA

THE GOLDEN BELLS. Few, if any, of the spring-flowering hardy shrubs can surpass the splendor and brilliancy of the Forsythias. Both grace and beauty are combined in all their attributes and give them rank for any station in the shrub plantations. The brightness of their yellow blossoms, like sunshine in its noon-day glory, illuminates the densely flower-laden branches with rare and subtle beauty. Do not neglect them; your garden is incomplete without these floral treasures.

FORTUNEI. (Fortune's Forsythia) (III) April. A spreading bush with dark shining foliage, which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias. First size, 2 to 3 ft., 30c each; 10 for \$2.00; 3 to 4 ft., 50c each; 10 for \$4.00; 4 to 5 ft., 75c each; 10 for \$6.00.

INTERMEDIA. (III) A tall upright growing form. Good for shrubbery border planting. Deep yellow flowers and fragrant. First size, 2 to 3 ft., 30c each; 10 for \$2.00; 3 to 4 ft., 50c each; 10 for \$4.00; 4 to 5 ft., 75c each; 10 for \$6.00.

GOLDEN BELL.

VRIDISSIMA. (Dark Green Forsythia) (III) Shrub-like in growth, dark, rich foliage, yellow flowers and a very profuse bloomer. First size, 2 to 3 ft., 30c each; 10 for \$2.00; 3 to 4 ft., 50c each; 10 for \$4.00; 4 to 5 ft., 75c each; 10 for \$6.00.

HYDRANGEA

GRANDIFLORA ALBA. (II) Large clusters of white flowers. First size, 50c; 5 for \$2.00; 12 for \$4.00. Large size, 75c each; 3 for \$2.00; 10 for \$6.00. Extra large, \$1.00 each; 5 for \$4.00; 12 for \$9.00.

PANICULATA GRANDIFLORA. (II) July, August. Flowers white, changing to pink and borne in immense pyramidal clusters. Will bloom same season planted. The flowers last over a long period and are very attractive for cutting and taking indoors. First size, 50c each; 5 for \$2.00; 12 for \$4.00. Large size, 75c each; 3 for \$2.00; 10 for \$6.00. Extra large, \$1.00 each; 5 for \$4.00; 12 for \$9.00.

PANICULATA. (M) (II) Open, loose, creamy white flowers in panicles. Habit similar to above variety. Large size plants, 50c; 5 for \$2.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

HYDRANGEA. Tree Form. (II) A very fine stock grown in tree form. 3 to 4 feet, \$2.00 to \$2.50 each.

KERRIA

JAPONICA. (II) Rapid growing shrub. Yellow flowers. 50c each. Larger, 75c each.

LONICERA

THE HONEYSUCKLES. The fragrance of

Honeysuckles, so sweet and enchanting, to many of us at least, recalls a bright and happy garden scene, or else a bowered porch where warmth and sunshine lurk and busy bees toil with humming wings. Their charm is all-enduring, and their cheerful home-like aspect most inspiring. Few plants afford greater versatility or offer less resentment to conditions of soil, climate or exposure. When in doubt, plant Honeysuckles.

FRAGRANTISSIMA. (II) Delightfully fragrant white flowers that come with the first breath of Spring. Scarlet fruits. Large size, 40c each; 10 for \$3.50; 2 to 3 ft., 60c; 10 for \$5.00; 3 to 4 ft., 80c each; 10 for \$7.00.

GRANDIFLORA ROSEA. (III) Pink blossoms. First comes the attractive flowers followed later by showy berries. An excellent shrub for background planting. Large size, 30c each; 10 for \$2.00; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

MORROWII. (II) Pure white flowers; bright red fruit from August until late in fall. Very decorative. An effective self-facing shrub attractive to birds. Large size, 30c each; 10 for \$2.00; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

TATARICA. (Bush Honeysuckle) (III) May. Pink flowers orange-red berries. Fine for general use in borders, masses, screens and hedges. Will stand shearing and is a fast grower. An old-time favorite. Large size, 30c each; 10 for \$2.00; 2 to 3 ft., 40c each; 10 for \$3.00; 3 to 4 ft., 60c each; 10 for \$5.00; 4 to 5 ft., 75c each; 10 for \$6.00.

TATARICA ALBA. (White Tatarian Honeysuckle) (III) May. Same as above except it has white flowers, bright berries. Large size, 30c each; 10 for \$2.00; 2 to 3 ft., 40c each; 10 for \$3.00; 3 to 4 ft., 60c each; 10 for \$5.00; 4 to 5 ft., 75c each; 10 for \$6.00.

MAHONIA. One of the evergreen glories of the ornamental gardens. See description page 29.

HYDRANGEA GRANDIFLORA ALBA

PHILADELPHUS — MOCK ORANGE

THESE fall quite naturally among the shrubs that should be in every collection. They are quite hardy and flower freely; the blooms are extremely fragrant; and the branches are generally graceful. Well adapted to group planting or for specimen use. If left untrimmed they will grow high enough to be valuable for screens. Almost any soil that is well drained will be satisfactory, but at least average fertility should be maintained. If any decorative scheme required the use of only one flowering shrub, we have no doubt but that some variety of Philadelphia would be used. How fortunate it is that we are able to use them in great quantity, or by grouping them with lilacs and other fragrant flowering shrubs, we can enjoy some delectable perfume all summer long.

PHILADELPHUS
MOCK ORANGE

CORONARIUS. (Sweet Mock Orange) (III) The real old-fashion-form with its pretty, fragrant white blossoms and yellow stamens, a grand variety. The nature of the fragrance is the source of the name Mock Orange. This shrub is useful for general border and mass work, as well as for screens and hedges. Will endure some shade. First size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

CORDIFOLIA. (II) Single white flowers; large heavy foliage.

FALCONERI. (II) White flowers; very fine and will give satisfactory results everywhere. First size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

GRANDIFLORUS. (III) The flowers of this are much larger than the others and very showy. Develops into a bushy shrub specimen. First size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

LEMOINEI ERECTA. (II) Creamy-white, fragrant. This species has smaller leaves and flowers, and finer twigs than the above. It flowers very profusely.

MONT. BLANC. (III) June. White flowers. A beautiful variety.

NIVALIS. (II) Makes a good medium or filler shrub for variety in the border. An excellent variety in every way, good growth and free-flowering. First size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

OPHELIA. (II) Long, gracefully arched branches, laden with a profusion of fragrant single or semi-double white flowers. 2 to 3 ft., 75c each; 10 for \$6.50; 3 to 4 ft., \$1.00 each; 10 for \$8.50.

SPECIOSA. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted. First size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 75c each; 10 for \$6.00.

ZEYEHRI. (II) June. White flowers with slight fragrance.

POTENTILLA FRUTICOSA. (I) (Shrubby Cinquefoil) A bright flowered little shrub that thrives in moist places where many others refuse to grow. Of upright growth; with narrow, compound, silky foliage, and bright-yellow flowers from mid-summer until frost.

PRUNUS PISSARDI. A distinct, handsome little tree. See under trees.

PHYSOCARPUS OPULIFOLIUS — Common Ninebark (*Spiraea Opulifolia*) (III) A strong growing shrub bearing a great array of white flowers in clusters along the branches, followed by brightly colored seed pods that are very showy. A splendid shrub for mass planting, borders, screens and similar uses. First size, 30c each; 2 to 3 ft., 50c each; 10 for \$4.00; 3 to 4 ft., 60c each; 10 for \$5.00; 4 to 5 ft., 75c each; 10 for \$6.00.

GOLDEAF NINEBARK. (Golden *Spiraea* (III) Of similar habit to above, with young foliage of bright yellow, changing to golden bronze in the fall. 2 to 3 feet, 60c each; 10 for \$4.50; 3 to 4 ft., 70c each; 10 for \$5.50; 4 to 5 feet, 75c each; 10 for \$6.50.

RHAMNUS CATHARTICA. Well known hedge plant with thorny stems, valued for extreme hardness and strong growth. Endures shade. 2 to 3 ft., 40c each; 10 for \$3.00; 100 for \$25.00; 3 to 4 ft., 60c each; 10 for \$5.00; 100 for \$35.00.

FRANGULA (III) Leaves dark glossy green. Red berries changing to black in September.

RHODOTYPHUS KERRIOIDES. (White *Kerria*) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer. Large size, 75c.

ROSA RUGOSA (III) The hardiest of all roses. They are eminently suitable for rose hedges or to be used same as shrubs. Large size, 75c.

RHUS COPALLINA. (III) (Shining *Sumac*) Tall growing; foliage glossy. Blooms late, with terminal flowers of greenish white in dense panicles. Fruit large, deep crimson. Foliage colors beautifully in fall.

GLABRA. (Smooth *Sumac*) (III) Grows to small tree with beautiful leaves which color brightly in Autumn; flowers in July followed by crimson or brown fruits. Can be kept bushy by cutting back. Used for fall color and naturalistic effect.

TYPHINA LACINIATA. (Fern-leaved *Sumac*) (III) Brilliant foliage. Crimson fruit.

PRICES: All varieties on this page except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

SPIREA VAN HOUTTE

The SPIREAS

OF all the garden shrubs, and there are keen rivals in many noble ranks, the Spirea have won and held a popularity for hardiness, showiness and free-flowering traits, that is unexcelled. Really of inestimable value in plantations, for among the species may be found those that produce a profusion of blossoms in earliest spring, others that bloom at later intervals, and even varieties that continue to produce flowers from midsummer until checked by frost. In general, they are graceful, compact bushes, thriving in almost any sunny situation.

ANTHONY WATERER. (I) May to September. A most desirable dwarf variety bearing heads of crimson flowers.

BILLARDI. (I) A strong grower, panicles of bright pink flowers in July and August.

BUMALDA. (I) May to September. Rose colored flowers.

CALLOSA. (I) Dwarf, compact grower. Free flowering. Color, outside petals white, center rose pink, attractive. Good for garden planting as well as general use.

CALLOSA ALBA. (I) Soft, white form; blooms all summer. Dwarf.

CALLOSA ROSEA. (II) One of the best for general planting. Rose colored flowers.

FROEBELI. (I) Dwarf, and similar to A. Waterer, but a trifle taller than the type, with broader leaves. Bright crimson flowers in dense corymbs during July and August. Much used for borders, low hedges and in gardens.

FONTENAYII ALBA. (II) White flowers.

FONTENAYII ROSEA. (II) June, July. Upright branches, pink flowers.

MARGUERITE. (I) Rose colored flowers.

OPULIFOLIA. (Nine Bark). See *Physocarpus opulifolia*. Page 21.

OPULIFOLIA AUREA. See *Physocarpus Goldleaf*, page 21.

REEVESIANA. (II) A slightly drooping shrub covered in May with clusters of white flowers, almost covering branches. Good for foundation planting and in foreground of border.

SALICIFOLIA ALBA. (II) June to September. Pure white flowers.

THUNBERGII. (I) Fluffy masses of white flowers, fine foliage.

VAN HOUTTE. (II) Grandest of Spireas; complete fountain of pure white bloom in May and June. The foliage and bush shape is ornamental the year round. None more beautiful or graceful. One of the best shrubs for use about a house or in borders, often used as a hedge, either free or clipped, though clipping reduces flowering. Mail size, 20c each; 18 to 24 inch (2 year) 30c each; 10 for \$2.00; 2 to 3 ft., 50c each; 10 for \$4.00; 100 for \$30.00; 3 to 4 ft., 60c each; 10 for \$5.00; 100 for \$40.00.

SAMBUCUS THE ELDERS. The effect of blossoming Elders, with their huge and flattened flower-clusters of creamy white so boldly contrasted against the greenery of feathery foliage, is dramatic and delightful. They are splendid border plants, of a most vigorous, hardy type, and besides their showy flowers, afford large quantities of early ripening berries which attract many kinds of birds that love to feast upon them.

CANADENSIS. (White Elder) (III) Attractive flowers followed by clusters of purple berries.

LACINATA. (III) Very valuable on account of its deeply cut foliage.

NIGRA AUREA. (III) Beautiful foliage of yellowish color. Makes an effective contrast with other shrubs.

FRENCH PUSSY WILLOWS **SALIX CAPREA.** (III) The promise of Springtime. Not the Wild Pussy Willow, but a French cultivated variety that has made a sensation wherever it has been shown.

Grow them on Your own Lawn

Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or backdrops. Plant them liberally.

Cut the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure each winter. 3 ft., 50c each; 3 for \$1.00; 4 ft., 75c each; 3 for \$2.00 or 12 for \$6.00.

SALIX. (Willow). *Rosmarinifolia*. (Rosemary Willow) (III) Small silvery foliage; excellent for shrubby border. Large size, 4 to 5 ft., 75c each; 4 for \$2.50. Extra large, 5 to 6 ft., 90c each; 3 for \$2.00.

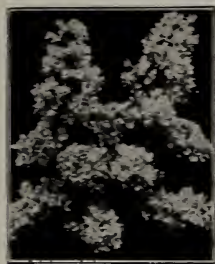

PUSSY WILLOW

PRICES: All varieties on this page except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

SYRINGA—LILACS

LILACS

THESE old-fashioned shrubs are always popular, and with the present revival of the "old-fashioned garden," no collection is complete without them. No matter how small the garden, every one wants Lilacs, and everywhere in the country, be it near a roadside farm, or in the garden or shrubbery of a fine estate, one finds them adding beauty and sweetness to any surroundings. Our stock is unusually fine.

MME. LEMOINE. Another fine double white variety. Large size, \$1.00. Extra large, \$1.50 to \$2.00 each.

PERSICA RUBRA. Native of Persia. Bright purple flowers. Large size, \$1.00. Extra large, \$1.50 to \$2.00 each.

PRES. GREVY. Large panicles of fine flowers. One of the best. Large size, \$1.00. Extra large, \$1.50 to \$2.00.

SOUV. DE LUDWIG SPATH. The flowers and clusters are very large, fine and dark in color. Large size, \$1.00. Extra large size, \$1.50 to \$2.00.

VULGARIS (Old-fashioned Purple) The most fragrant of all, and the kind our grandmothers used to plant. Much used for hedges, masses and borders. Makes a good background for the named varieties above. 2 ft., 60c each; 3 for \$1.40; 3 ft., \$1.00 each; 3 for \$2.75.

VULGARIS ALBA (Old-fashioned White) A very popular old standard white variety. 2 ft., 60c each; 3 for \$1.40.

SYMPHORICARPUS RUBRA. (I) A graceful shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive. Large size, 30c each; 10 for \$2.50; 2 to 3 ft., 50c each; 6 for \$2.50; 12 for \$4.00; 100 for \$25.00.

RACEMOSUS. White Snowberry. (II) Inconspicuous, rose colored flowers in June and July; followed by large clustered, milk white fruits which remain far into winter. The combination of pink flowers and white berries on the same twig is charming. 2 to 3 ft., 40c each; 3 for \$1.00; 10 for \$3.00; 3 to 4 ft., 60c; 3 for \$1.50; 10 for \$4.00.

GALLICA. (III) French Tamarisk. Slender spreading branches and blue-green feathery foliage. Showy pink flowers in late spring or early summer, adorn the plant with an array of fluffy plumes. Remarkably attractive and distinct. Makes a very beautiful background for garden flowers or as a feature in shrubbery groups. 2 to 3 ft., 40c each; 3 for \$1.00; 10 for \$3.00; 3 to 4 ft., 60c; 3 for \$1.50; 10 for \$4.00.

ODESSANA. (III) Pink flowers in panicle racemes, late flowering. 2 to 3 ft., size, 40c; 3 for \$1.00; 10 for \$3.00; 3 to 4 ft. size, 60c; 3 for \$1.50; 10 for \$4.00.

TAMARIX Attractive tall-growing shrubs with fine feathery foliage like that of the Junipers. Splendid shrubs for seashore and generally planting. Flowers profusely, and are usually a delicate pink color and excellent for cutting.

AFRICANA. (III) Tall-growing, irregular shrub with feathery foliage and small delicate pink flowers. This unique shrub is much admired everywhere. 2 to 3 ft., 40c each; 3 for \$1.00; 10 for \$3.00; 3 to 4 ft., 60c each; 3 for \$1.50; 10 for \$4.00.

FIRST CLASS PLANTS

Gentlemen: We pride ourselves with the thought that our property is beautified to the extent that we do not take second place to anyone in attractive arrangement. Our records show that we purchased from you practically all of the shrubbery that beautifies our properties.

When we are again in the market, we will write you, because we know that your plants are first class in every respect.

Very truly yours,

The Coshocton Glove Co., Coshocton, O.

OUR SPECIAL PRICE.....\$24.95

WEIGELAS Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage. The are very desirable for the border or for grouping, and as specimen plants for the lawn.

EVA RATHKE. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. First size, 50c. Large size, 75c. Extra large size, \$1.00 each.

NANA VARIEGATA. (I) May. Pink flowers and variegated green and yellow foliage.

ROSEA. (II) This variety is too well known to need any description. It has been a favorite shrub in our gardens for many years and when in full bloom there are few of our flowering shrubs to equal it. The flowers, which are rose colored, are produced in such profusion as to completely cover the bush. Flowers in May and June.

SATISFIED YEAR AFTER YEAR

Gentlemen: Over a period of twelve years or more from time to time I have ordered from you ornamental plants, shrubs and trees of many kinds and have always been perfectly satisfied with the stock received. I have recommended your nursery to many of my friends.

Yours very truly,
W. M. Dick, Crozet, Va.

VIBURNUM An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good healthy foliage.

DENTATUM. (Arrow-wood) 8 to 12 feet. Bright green, heart-shaped leaves turning to purple and red. May and June flowers of creamy white.

LANTANA. (III) White flowers, clusters of bright red fruit, changing to black.

NANUS. (I) An excellent compact growing dwarf shrub. Very desirable for low hedges, perfectly hardy.

OPULUS. (High Bush Cranberry) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks. Widely used for masses, filler, and background.

PLICATUM. (Japan Snowball) (III) Large balls of flowers white as snow. First size, 50c. Large size, 75c. Extra large, \$1.00 each.

STERILIS. (Common Snowball) (II) Flowers white, borne in clusters.

VITEX *Agnus-Castus.* The dark green foliage is star-shaped and pretty. Flowers in racemes of lavender blue in August and Sept. When few other shrubs are in bloom. First size, 50c. Extra large, 75c each.

PRICES: All varieties shrubs on this page except where otherwise noted, First size, 35c each; 3 for \$1.00; 10 for \$3.00. Large size, 60c each; 6 for \$3.00; 10 for \$4.50. Extra large size, 75c each; 10 for \$6.50.

CONSULT OUR LANDSCAPE DEPARTMENT

The Wagner Park Landscape Department is maintained to help our customers get the best results with Wagner Park Plants. And best of all, this service is furnished practically free in most cases. See page 40 for details.

WEIGELA
ROSEA

ORNAMENTAL SHADE TREES

REES for shade are not a luxury, but a practical improvement to property. Properly placed, they shield and protect valuable buildings and possessions, and they increase the healthiness of residence districts, not to speak of their incalculable aid to the aesthetic improvement to the home. Real estate operators recognize the greater value of property improved with shade trees.

CARE AND PLANTING. In planting, make the hole wide enough so that when the tree is set, you can spread out the roots, always avoiding as much as possible, twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly. If shipment should arrive in a frozen condition, do not unpack, but put in a cool place, free from frost, until perfectly thawed when they may be unpacked and planted.

Time is the biggest factor to be reckoned with in landscape planting, and since time is valued highly in America, the advantage of planting good sized trees needs no explanation. We know of no other investment in which time can be bought as cheaply as in Wagner specimen trees.

SPECIAL NOTE. In addition to the regular sizes listed, we can supply extra choice specimens which price varies according to variety, size, compactness and shape. \$5.00 to \$25.00 each.

ACER (Maple) One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.

CAMPESTRE. Our stock comprises heavy bushes branched to the ground, fine for specimens and shrubbery background effect. Green foliage changing beautifully in fall. 6 to 8 feet, \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$4.00 to \$5.00 each.

DASYCARPUM. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 feet, \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00. Heavy specimens, \$10.00 to \$25.00 each.

NEGUNDO. (Ash-leaved Maple or Box Elder) A tall-growing tree. Retains its foliage until late, making it very desirable. 8 to 10 ft., \$2.00 to \$2.50; specimens, \$5.00 to \$10.00 each.

PLATANOIDES. (Norway Maple) Compact growth, large deep green leaves. One of the best for general planting. 6 to 8 ft., \$3.00 to \$3.50; 8 to 10 ft., \$4.00 to \$5.00; 10 to 12 ft., \$6.00 to \$8.00 each.

PSEUDO PLATANUS. (Sycamore-leaved Maple) Foliage deep green on upper surface and purplish-red underneath. 6 to 8 ft., \$1.50 to \$2.00; 8 to 10 ft., \$2.50 to \$3.00; 10 to 12 ft., \$4.00 to \$5.00 each.

RUBRUM. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 6 to 8 ft., \$3.50 to \$4.00 each.

SACCHARUM. (Sugar Maple) Has an excellent upright, rounded, dense, symmetrical crown. Fine for shade on lawn or in park plantings. 6 to 8 ft., \$1.75 to \$2.00; 8 to 10 ft., \$2.50 to \$5.00.

SCHWEDLERI. (Purple-leaved Maple) Leaves bright purplish crimson, changes to purplish-green. 6 to 8 ft., \$5.00 to \$7.50.

WEIRI LACINATUM. (Wier Cut-Leaved Maple) A beautiful specimen tree, with delicately cut leaves and drooping habit. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50 to \$4.00.

AESCULUS HIPPOCASTANUM. (Horse Chestnut) Double white flowered. 4 to 6 ft., \$2.00 to \$2.50; 7 to 8 ft., \$3.00 to \$4.00.

ALNUS GLUTINOSA. (European Alder) Foliage roundish, wedge-shaped, wavy. Remarkably quick in growth. 6 to 8 ft., \$1.25 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50. Heavy specimens, \$10.00 to \$20.00 each.

ARALIA SPINOSA. (Hercules Club) A showy native, with broad, handsome cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 ft., \$1.00; 6 to 8 ft., \$2.00; 8 to 10 ft., \$3.00.

BEECH. See Fagus.

Gentlemen: The shipment of trees, etc., has been received. I am very well pleased with same, and feel sure they all will live. I wish to thank you for the way you handled the matter, and to assure you that when we need shrubs in the future, we will be glad to figure with you. Yours truly, G. M. Cruise, Bluefield, W. Va.

NORWAY MAPLE

Use the Tree for Lawn or Street Planting.

LOMBARDY POPLAR FOR QUICK GROWTH AND STRIKING EFFECTS.

BETULA ALBA. (White Birch) Of rapid growth, attractive foliage and beautiful silvery-white bark. Droops a little. 5 to 6 ft., \$2.00 to \$2.50; 6 to 8 ft., \$3.00 each.

ALBA LACINIATA PENDULA. (Weeping Cut Leaf Birch) Very scarce. Prices on application.

CATALPA BUNGEI. (Umbrella Tree) A small species forming a tree clothed with a dense mass of large, heart shaped leaves; flourishes in all soils. It is grafted on stems from 6 to 8 feet high. It makes handsome standard trees; very dense, symmetrical head. 2-year heads, \$2.50 to \$3.50; specimens, \$4.00 to \$5.00 each.

SPECIOSA. One of the most rapid growing trees. Large panicles of white flowers and very ornamental. 8 to 10 ft., \$1.50 to \$2.00; 10 to 12 ft., \$2.50 to \$3.00; extra heavy specimens, \$7.50 to \$20.00 each.

CERASUS PADUS. (European Cherry) Pure white flowers followed by black fruit. 6 to 8 ft., \$2.00 to \$2.50 each.

CERCIS (Judas Tree) (Redbud) Reddish-purple flowers. 4 to 6 feet, \$1.50 to \$2.00.

CRAB. Flowering. See Pyrus.

CORNUS FLORIDA. (White Dogwood) These small trees are of inestimable value in landscaping. White flowers clothe the tree in early spring. 4 to 5 ft., \$3.50 to \$4.00.

RUBRA. Flowers deep pink. 2 to 3 ft., \$2.00 to \$3.00.

CRATAEGUS OXYACANTHA. (English Thorn) A small tree with spreading branches and clusters of single white flowers that resemble little roses. 75c; larger, \$1.00.

ELM. See Ulmus.

EUONYMUS EUROPAEUS. Excellent for planting in groups among other shrubs for tall background effects or as specimens. Foliage is broad and deep green, turning to beautiful crimson in the fall. The flowers followed by orange-scarlet fruits. 3 to 4 ft., 75c to \$1.00; 4 to 5 ft., \$1.50 to \$2.00; 5 to 6 ft., \$2.50 to \$3.00.

FAGUS (Beech) These trees because of their elegant habit and delicate tracery of foliage adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

ASPENIFOLIA HETEROPHYLLA. (Fern-leaved Beech) Leaves deeply divided. 8 to 10 ft., \$8.00 to \$10.00. Dug with ball.

RIVERSI. (Rivers Purple Beech) Leaves very dark purple. 4 to 6 ft., \$5.00; 6 to 8 ft., \$7.50 to \$10.00; specimens, \$12.00 to \$15.00 each. Dug with ball.

SALVATICA. (European Beech) A compact, long-lived tree having dense, dark green foliage. 4 to 6 ft., \$4.00; 6 to 8 ft., \$5.00 to \$6.00; 8 to 10 ft., \$8.00; 10 to 12 ft., \$12.50 to \$15.00. Dug with ball.

FRAXINUS AMERICANA. (Ash) A rapid growing long-lived tree of fine proportions and a very desirable lawn tree. 6 to 8 feet, \$1.50; 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00; 12 to 14 ft., \$5.00 to \$6.00; extra large specimens, \$5.00 to \$10.00.

EXCELSIOR. A lofty tree with handsome foliage. 6 to 8 ft., \$1.50; 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00 to \$4.00; 12 to 14 ft., \$5.00 to \$6.00.

GINKGO. See Salisburia.

GYMNOCLADUS CANADENSIS. (Kentucky Coffee Tree) Feathery foliage. 4 to 6 ft., \$1.00; 6 to 8 ft., \$1.50; 10 to 12 ft., \$2.50 to \$3.00; specimens, \$5.00 to \$15.00.

HORNBEAM EUROPEAN. A very hardy ornamental tree with dense round head. Leaves turn yellow and brown and stay on all winter. Stands severe pruning without detriment. Remarkably free from the attacks of insects. 4 to 6 ft. specimens, \$2.00 to \$3.00; 8 to 10 ft. specimens, \$5.00 to \$7.50 each; 10 to 12 ft. specimens, \$7.50 to \$10.00 each.

KOELREUTERIA PANICULATA. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 10 to 12 ft., \$3.50 to \$4.00 each.

LARIX EUROPAEA. (Larch) A conifer with deciduous needle-like foliage. 4 to 5 ft., \$3.00 to \$5.00.

LIQUIDAMBER (Sweet Gum) Glossy green foliage changing to bright red. 6 to 8 ft., \$3.50 to \$5.00; 8 to 10 ft., \$6.00 to \$7.00. Dug with ball.

CATALPA BUNGEI USED EFFECTIVELY ALONG ENTRANCE WALK

LIRIODENDRON (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 ft., \$4.00 to \$6.00.

MAGNOLIA GLAUCA. (Sweet Bay) A handsome tree. Its leaves are glossy, laurel-like, almost evergreen. In June its pure white flower cups are lovely and fragrant. 3 to 4 ft., \$5.00 to \$7.50 each.

MAPLE. See Acer.

MORUS ALBA TATARICA. (Russian Mulberry). A very hardy and low-growing type. 6 to 8 ft., \$1.00 to \$2.00; 8 to 10 ft., \$2.50 to \$3.00.

PENDULA. An umbrella shaped head with long, drooping branches. 2-year heads, \$3.00 to \$5.00 each.

OAK. See Quercus.

PLATANUS OCCIDENTALIS. (American Plane) Broad-spreading round-topped, massive and picturesque. Very effective in winter when its branches show almost as white as birch and its mottled trunk of gray, green and brown is revealed. 8 to 10 ft., \$2.00 to \$3.00; specimens, \$5.00 to \$20.00 each.

ORIENTALIS. (Oriental Plane) (Sycamore) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 8 to 10 ft., \$2.00 to \$3.00; 10 to 12 ft., \$3.50 to \$4.00; specimens, \$5.00 to \$15.00 each.

Newbark Plastic Tree-Saver

A natural tree salve, an antiseptic plastic preparation quickly applied to protect all wounds of bark or limb. It kills and keeps out insects, fungus disease germs and prevents disfigurement, decay and death of trees. A torn or broken limb, a small patch of bark ripped off by lawn mower, plow or carelessness, may be a place for rot producing fungi to lodge and eventually may mean the death of a valuable tree. With the use of Newbark, injuries and decay may be stopped very economically.

At the left—An old unsightly wound thru which decay is eating steadily into the sound heart wood.

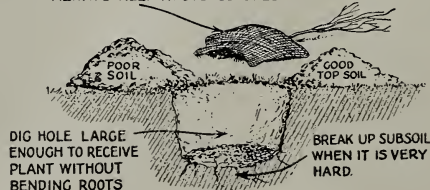

At the right—The same wound cleaned out, filled and coated with Newbark. Besides saving the tree it greatly improves its appearance.

The cost of Newbark is only \$1.25 for a 5 lb. can; 1 lb., 50c; 2 lb., 75c; 10 lb., \$2.50, plus the postage. Full instructions for applying on each can.

HOW TO PLANT TREES

ALWAYS KEEP ROOTS COVERED

ORNAMENTAL SHADE TREES—Continued

POPULUS ALBA BOLLEANA. Similar to the well-known Lombardy. Its leaves are glossy green above, silvery beneath. 6 to 8 ft., \$2.50 to \$3.00; specimens, \$5.00 to \$7.50.

MONILIFERA. (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance in places where other trees appear starved. 4 to 5 ft., 50c; 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.00 to \$1.50; 10 to 12 ft., \$2.00 to \$2.50 each.

NIGRA or ITALICA. (Lombardy, or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. Planted near a building it tends to make the building seem lower. 4 to 6 ft., 50c; 6 to 8 ft., 75c to \$1.00; 8 to 10 ft., \$1.25 to \$1.50; 10 to 12 ft., \$1.75 to \$2.00; large specimens, \$5.00 to \$7.50.

PRUNUS Pissardi. (Purple-leaved Plum) A distinct handsome little tree, covered with a mass of small, white flowers in spring; showy purple leaves that deepen in color. 3 to 4 ft., \$1.50 to \$2.00; 4 to 6 ft., \$3.00 to \$5.00.

PYRUS ANGUSTIFOLIA. (Bechtel Flowering Crab) Double rose-like flowers of a delicate pink color. 3 to 4 ft., \$2.50 to \$3.00 each.

FLORIBUNDA. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 3 to 4 ft., \$2.50 to \$3.00 each.

QUERCUS ALBA. White Oak. A massive tree with a broad, open head, light grey bark, and green, round-lobed foliage that turns a beautiful red in the fall. Excellent for parks and large lawns. 8 to 10 ft., \$3.50 to \$4.00; 10 to 12 ft., \$5.00 to \$6.00; specimens, \$10.00 to \$15.00 each.

COCCINEA. (Scarlet Oak) Foliage beautiful turning purplish crimson in autumn. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50 to \$4.00; specimens, \$10.00 to \$15.00 each.

PALUSTRIS. (Pin Oak) The most beautiful of all oaks and most satisfactory for avenue or general planting. 8 to 10 ft., \$2.50 to \$3.00; 10 to 12 ft., \$4.00 to \$5.00; specimens, \$10.00 to \$15.00.

ROBUR. (English Oak) Massive spreading nature. 6 to 8 ft., \$3.00 to \$4.00; 8 to 10 ft., \$5.00 to \$6.00; 10 to 12 ft., \$7.00 to \$8.00 each.

RUBRA. (Red Oak) Foliage changes to bronze-red in fall. One of the finest of the Oaks. 6 to 8 ft., \$3.00 to \$3.50; 8 to 10 ft., \$4.00 to \$4.50; 10 to 12 ft., \$5.00 to \$6.00; specimens, \$7.50 to \$10.00 each.

ROBINA HISPIDA. A beautiful small tree for ornamental planting. At intervals all seasons it has elegant clusters of pea-shaped flowers. Colors rose pink. 3 to 4 ft., \$1.50 to \$2.00; 4 to 5 ft., \$3.00 to \$4.00.

SALISBURIA ADIANTIFOLIA (Ginkgo or Maiden Hair Tree) Fern-like foliage resembling Maiden Hair Fern. 6 to 8 ft., \$2.00 to \$3.00; 8 to 10 ft., \$4.00 to \$5.00 each.

SALIX CAPREA. (Pussy Willows) We have some beautiful tree forms for specimens on the lawn. This is a cultivated French variety creating a sensation wherever shown. 5 to 6 ft. trees, shapely tops, \$1.00 to \$1.50 each.

BABYLONICA. (Weeping) A beautiful tree of graceful drooping habit and soft grayish green color, much admired when seen on the lawn or beside quiet water. 4 to 6 ft., \$1.00 to \$1.50; 6 to 8 ft., \$2.50 to \$3.00.

PENTANDRA. (Laurel-leaved Willow) Dark green, glossy leaves. 4 to 5 ft., \$1.00 to \$1.50; 5 to 6 ft., \$2.00 to \$3.00.

VITELLINA AUREA. Highly effective with its golden bark and drooping branches. 4 to 6 ft., \$1.00 to \$1.50.

QUERCUS (Oak)

SORBUS AUCUPARIA. (European Mountain Ash) Orange-colored berries midsummer until frost. 6 to 8 ft., \$3.50 to \$4.00.

AUCUPARIA PENDULA. (Weeping Mountain Ash) Slender, drooping branches and bright red berries. 2-year heads, \$2.50 to \$3.50 each.

TAXODIUM DISTICHUM. (Deciduous Cypress) The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape. 4 to 6 ft., \$5.00; 10 ft., \$10.00. Dug with ball of earth.

TILIA AMERICANA. Splendid form, large stature. Rapid growing and hardy tree affording a dense shade. 6 to 8 ft., \$2.50 to \$3.00; specimens, \$5.00 to \$10.00.

WILLOWS. See Salix.

ULMUS AMERICANA. (Elm) No finer tree grown. Good for avenue or suburban planting. Forms a vase-shaped tree, with irregularly shaped leaves. It is tough-grained fast growing, which places it at the head of the "permanent" class of ornamental trees. Unquestionably the most popular shade tree in America. 6 to 8 ft., \$1.00 to \$1.50; 8 to 10 ft., \$2.00 to \$2.50; 10 to 12 ft., \$3.00 to \$3.50; 12 to 15 ft., \$4.00 to \$7.50; specimens, \$10.00 to \$25.00.

CAMPESTRIS. (English Elm) Desirable for lawn or landscape. 8 to 10 ft., \$2.50 to \$3.00; specimens, \$10.00 to \$25.00 each.

LATIFOLIA. Large leaves; compact and upright in habit. 6 to 8 ft., \$2.00 to \$2.50; 8 to 10 ft., \$3.00 to \$3.50; 10 to 12 ft., \$4.00 to \$5.00; heavy specimens, \$7.50 to \$15.00 each.

PLUMOSA PYRAMIDALIS. An elegant, pyramidal-growing Elm. Specimens, \$7.50 to \$10.00.

SCABRA PENDULA. (Camperdown Weeping Elm) A picturesque form. 2-year heads, \$5.00 to \$7.50; heavy specimens, \$15.00 to \$25.00 each.

THE ELM
The Most Beautiful of Shade Trees.

ORNAMENTAL EVERGREEN—Conifers

IN ALL the vast store of plants for ornamental planting, none can equal the satisfying richness of Evergreens. They are the aristocrats of the plant world. Each variety has an exclusive individuality in color, form and texture. The value of Evergreens in ornamental planting is most strikingly demonstrated in winter, when deciduous trees and shrubs have lost their leaves. Then Evergreens stand out, softening the cold lines of architecture. They continue to serve as screens against unpleasant views when deciduous plants take a vacation.

Wagner Park Evergreens have been several times transplanted and have an abundance of roots. Our Evergreens are grown in the type of soil which enables us to dig them with a ball of earth without disturbing the roots, thus assuring successful transplanting at almost any season of the year. We suggest the help of our Landscape Department (see page 40) in planning your Evergreen planting. Our landscape artist will assist you to secure a suitable planting for ornamentation or screen, and will select for you the most pleasing colors and forms from our finest specimens and arrange them in harmonious groups.

Wagner Evergreens are priced moderately considering their fine quality and the care given in growing and handling them. Prices are subject to change owing to scarcity of some varieties. We list only the choicest and most hardy varieties.

ABIES (Fir)

CONCOLOR. (Colorado Silver Fir) 30 to 40 feet. A beautiful and graceful evergreen with soft, silvery-green foliage. Very symmetrical in form. 10 to 12 inches, \$3.00 to \$4.00; 2 to 2½ ft., \$7.50 to \$10.00 each.

JUNIPERUS (Juniper)

CANADENSIS. A very hardy, dense, grayish-green type of especial value in rockeries and for ground covering. The main branches are usually numerous, and procumbent; well furnished with upright branchlets. Seldom over four feet high. 15 to 18 inches, \$3.00 to \$4.00; 18 to 24 inches, \$5.00 to \$6.00 each.

NANA. (Prostrate Juniper) This is a very desirable low growing evergreen. 15 to 18 inches, \$3.00 to \$4.00; 18 to 24 inches, \$5.00 to \$6.00 each.

PFITZERIANA. Of upright spreading growth, grayish-green foliage. One of the hardiest varieties. Thrives anywhere. 15 to 18 inches, \$3.00 to \$4.00; 1½ to 2 ft., \$5.00 to \$6.00.

SABINA. (Sabin Juniper) Spreading form. Nice plants. 12 to 15 inches, \$3.00 to \$4.00; 1½ to 2 ft., \$5.00 to \$7.00.

VIRGINIANA. (Red Cedar) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soil or situations where other trees will not grow. 2 to 3 ft., \$4.00; 3 to 4 ft., \$7.50.

VIRGINIANA GLAUCA. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. 1½ to 2 ft., \$4.00 to \$5.00; 2 to 3 ft., \$7.00 to \$8.00; 3 to 4 ft., \$9.00 to \$12.00 each.

PINUS (Pine)

AUSTRIACA. (Austrian Pine) A tall massive tree with spreading branches heavily plumed with long, stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for grouping or as specimens. 1 to 1½ ft., \$2.00 to \$3.00; 2 to 3 ft., \$4.00 to \$5.00; 3½ to 4 ft., \$6.00 to \$7.00.

MUGHUS. (Mugho Pine) This unique alpine species forms a dark dome-shaped bush, broader than its height and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries and seaside plantings. 1 to 1½ ft., \$4.00 to \$5.00; 1½ to 2 ft., \$6.00 to \$7.50 each.

SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass planting, screens, shelter belts, and seashore uses. 1 to 1½ ft., \$1.50 to \$2.50; 2 to 3 ft., \$3.50 to \$4.50; 3½ to 4 ft., \$5.00 to \$6.00.

GROUP PLANTING OF ASSORTED EVERGREENS

PICEA (Spruce)

ALBA. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright growing, long-lived retaining its branches to the ground, aromatic, drought-resisting; varies in color from light green to glaucous blue. Nice plants, \$2.00 to \$3.00; 1½ to 2 ft., \$4.00 to \$5.00; 2 to 3 ft., \$5.00 to \$6.00 each.

EXCELSA. (Norway Spruce) This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in moist soils and withstands the bleak and cold winds of winter. Nice plants, \$1.00; 2 to 3 ft., \$3.00 to 4 to 5 ft., \$5.00 to \$7.50.

PUNGENS GLAUCA. (Colorado Blue Spruce) The rich bluish coloring of the foliage is a rare bestowal of Nature. It will withstand the coldest climate, is a vigorous grower, and will do well in any locality. For color effect nothing equals this beautiful variety. 1½ to 2 ft., \$6.00 to \$7.50; 2 to 3 ft., \$10.00 to \$12.00 each.

PSEUDOTSUGA. (Douglasii. (Douglas Spruce) It is similar to the spruce and is a very desirable and beautiful tree for either collective or individual planting. It is a western tree of erect habit and growth. Hardy in the coldest place. 2 to 2½ ft., \$5.00; 2½ to 3 ft., \$6.00.

PYRAMIDAL
ARBORVITAE

HOW TO PLANT EVERGREENS

Dig hole a foot larger and deeper than ball of earth. Provide good loamy top soil to fill around ball.

Set tree in hole trifle lower than it stood in nursery.

Fill good top soil up around ball. Pack firmly with feet or settle by filling hole with water. Loosen burlap at top of ball and roll back or cut off.

Fill hole with soil. Pack firmly and leave top of ground covered with loose earth or better, mulch with straw.

TSUGA CANADENSIS. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This is a rapid grower and very hardy. 1½ to 2 ft., \$4.00 to \$5.00; 2 to 3 ft., \$6.00 to \$7.00; 3 to 4 ft., \$8.00 to \$10.00.

RETINOSPORA

PLUMOSA. Main stems erect but side shoots assume a plume-like arrangement. The branches are slender and pliable, imparting a feathery appearance. Delicate, glaucous foliage. 1 to 1½ ft., \$4.00 to \$5.00; 2 to 2½ ft., \$6.00 to \$8.00.

PLUMOSA AUREA. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growths contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. 1 to 1½ ft., \$4.00 to \$5.00; 2 to 2½ ft., \$6.00 to \$8.00.

THUYA (Arborvitae)

ELLWANGERIANA. (Tom Thumb) Low compact growth. In many respects it is similar to the Retinospora and seems to be the connecting link between Arborvitae and that family. Entirely distinct and valuable for general planting, also most suitable for window boxes. 8 to 12 inches, \$1.00; 12 to 15 inches, \$2.00 to \$3.00; 15 to 18 inches, \$3.50 to \$5.00.

GLOBOSA. (Golden Arborvitae) A low compact form with bright green foliage. 12 to 15 inches, \$2.50 to \$3.00; 1½ to 2 ft., \$4.00 to \$5.00.

NANA COMPACTA. (Compact Arborvitae) Dwarf, dense, compact little evergreen, having light green foliage and very neat, attractive habit. 8 to 12 inches, \$1.00; 12 to 15 inches, \$2.00 to \$3.00 each; 18 to 20 inches, \$4.00 to \$5.00.

PICEA—SPRUCE. See page 28.

OCCIDENTALIS. (American Arborvitae) Strong vigorous grower. Its upright slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. Nice plants, \$1.00 to \$1.25; 1½ to 2 ft., \$1.50 to \$2.00; 2 to 3 ft., \$3.00 to \$4.00; 3 to 4 ft., \$5.00 to \$6.00; 4 to 5 ft., \$7.00 to \$10.00.

ORIENTALIS. (Biota) (Chinese Arborvitae) A pyramidal type evergreen of exceptionally good growth and good foliage. Excellent for hedges owing to its easy culture. Attractive for foundation or other plantings owing to its upright growth and good color, being distinct from all other varieties. 12 to 15 inch size, 25c each; \$2.50 per doz.; 1½ to 2 ft., \$2.00; 2 to 3 ft., \$3.00 to \$4.00; 3 to 4 ft., \$5.00 to \$6.00; 5 ft., \$7.00 to \$10.00.

PUMILA. A handsome dwarf; dense, perfect in form; a charming shade of green. 15 to 18 inches, \$3.00; 18 to 24 inches, \$3.50 to \$5.00.

PYRAMIDALIS. (Pyramidal Arborvitae) Its compact slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. 1½ to 2 ft., \$2.50 to \$3.00; 2 to 3 ft., \$4.00 to \$5.00; 3 to 4 ft., \$7.50 to \$10.00.

SIBERICA. (Siberian Arborvitae) Oval shape, handsome and hardy in all localities. 12 to 15 inches, \$2.50 to \$3.00; 1½ to 2 ft., \$4.00 to \$5.00.

STRONG HEALTHY PLANTS

Gentlemen:

I was very much pleased with the selection you gave me, and must say I have never bought any stronger, heartier or healthier looking plants.

Thank you for your promptness, and the service you gave me in selecting. It will afford me great pleasure to recommend you to my friends.

Yours very truly,
Lynn A. Hayes, Knoxville, Tenn.

Hardy Evergreen Shrubs

MAHONIA AQUIFOLIA

EVERGREEN Shrubs are being used more and more each year because they are so desirable and effective in all landscape work. Their heavy leaf masses meet the demand for fresh green foliage to enliven and cheer the bare aspect of deciduous trees and shrubs in winter. Most of them have such a fondness for shady places that they meet a large demand in beautifying these spots.

BOXWOOD They have a distinctive character from any other evergreen. They are suitable as decoration plants in pots or vases, also desirable for planting among other evergreens or as edging. Nice plants, 8 to 10 inches, 75c each; \$8.00 per doz.; select size, \$1.00 each; \$11.00 per doz.

YUCCAS (FILAMENTOSA) Hardy Flowering Evergreen Plants of Great Beauty. The Yucca Plant is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humblest lawn, and is worthy of a place in the most pretentious garden. White flowers.

PRICES OF YUCCAS IN THE VARIOUS SIZES WE CAN SUPPLY

First size, 15c each; 4 for 50c; 10 for \$1.00. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50. Extra heavy 3-year clumps, 35c each; 3 for \$1.00; 10 for \$3.00; 100 for \$25.00.

MAHONIA AQUIFOLIA. Unusually desirable for planting among other evergreens or for grouping. The richness of the glossy leaves gives the Mahonia great popularity for ornamental planting. Yellow flowers followed by blue berries for winter decoration. The upper leaves are bronzed to red in the winter. First size, 50c each; 5 for \$2.00; 12 for \$4.00. Large size, \$1.00 each; 3 for \$2.50; 10 for \$7.50. Extra large, \$1.50 each. Heavy specimens, \$2.00 to \$2.50 each.

RHODODENDRON CATAWBIENSE. Of compact growth with dark green foliage and masses of rose-pink flowers in great clusters in June. Heavy plants, 15 to 20 inches, \$5.00; extra heavy plants, 20 to 24 inches, \$7.50 each.

MAXIMUM. Taller growing and has larger leaves than Catawbiense. Blossoms are white-tinted pink and appear in large trusses in July, being the latest of all Rhododendrons. Will stand more exposure than any other variety. Hardy plants, 18 to 24 inches, \$5.00; extra heavy plants, 24 to 30 inches, \$7.50 each.

ORNAMENTAL HEDGE PLANTS —

IN producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. A hedge will beautify the plainest kind of grounds and adds immeasurably to the lawn with a fence that nature provides. The wooden or iron fence is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings.

PRUNING AND CARE OF HEDGES. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out, to prune back quite severely to an even height. This will encourage strong bottom growth, and makes the foundation of the good hedge.

LIGUSTRUM (Privet) The most popular and satisfactory of all hedge plants, as the hardy varieties can be planted in the extreme Northern States with perfect safety. With Privet you can have a hedge of any height or shape desired, as they stand shearing well. The plants we offer are select stock in the various sizes.

AMUERENSE. Glossy green foliage and of upright compact growth. Hardy in all localities. First size, nice plants, \$2.50 per doz.; \$15.00 per 100. Large plants, \$3.00 per doz.; \$20.00 per 100. Extra large plants, \$3.50 per doz.; \$25.00 per 100.

IBOTA. (Chinese Privet) Unusually strong grower, absolutely hardy and producing fragrant flowers. Unexcelled for hedges and for general decorative purposes. Foliage tinted in autumn. First size, nice plants, \$2.00 per doz.; \$10.00 per 100. Large size, \$2.50 per doz.; \$15.00 per 100. Extra large plants, \$3.00 per doz.; \$20.00 per 100.

OVALIFOLIUM. (California Privet) The most popular of all. Foliage is a beautiful dark glossy green and almost evergreen. In the northern states it sometimes freezes to the ground. First size, nice plants, \$1.50 per doz.; \$5.00 per 100. Large size, \$2.00 per doz.; \$7.00 per 100. Extra large size, \$2.50 per doz.; \$10.00 per 100.

PRIVET MAKES AN EXCELLENT HEDGE.

OTHER SHRUBS FOR HEDGES

FOR SINGLE AND DOZEN RATES SEE PRICES UNDER SHRUB SECTION

ALTHEAS PLANT FOR AUGUST AND SEPTEMBER FLOWERS. One of the most showy and beautiful of shrubs, and especially desirable for hedges or flowering screen. The flowers are large and showy, ranging from white to pink, red and purple. First size, thrifty plants, \$10.00 per 100. Large size, \$15.00 per 100. Extra large, \$30.00 per 100.

JAPAN BARBERRY (*Berberis Thunbergii*) **HARDY EVERYWHERE.** A Neatly Kept Hedge Gives That Finished Effect to Your Home. An ideal shrub and hedge plant, gracefully beautiful in summer, with its arching, thorny branches thickly covered with small, fine, rich green leaves, which change in the autumn to a unique fiery crimson. Branches are thickly covered with scarlet berries for early winter. First size, \$15.00 per 100. Larger size, \$25.00 per 100. Heavy plants, \$35.00 per 100.

LONICERAS (Bush Honeysuckle) **LONICERA TATARICA.** Tatarian Honeysuckle. Pink flowers, which contrast most beautifully with the foliage; the red fruit is also ornamental. Can be clipped back or allowed to grow naturally. Very desirable.

LONICERA TATARICA ALBA. White Tatarian Honeysuckle. It forms a high bush, with creamy white, very fragrant flowers. Excellent to use where a high screen is needed.

PRICES: Lonicera listed above. First size, 2 to 3 ft., \$20.00 per 100. Large size, 3 to 4 ft., \$30.00 per 100. Extra large, 4 to 5 ft., \$40.00 per 100.

RHAMNUS CATHARTICUS. (Buckthorn) A dense twiggy bush, 6 to 10 feet high, with dark foliage relieved by masses of attractive white flowers in June and July. Makes a good, prunable hedge. Large, 2 to 3 feet, \$25.00 per 100. Extra large, 3 to 4 feet, \$35.00 per 100.

SPIREA VAN HOUTTE. Good for flowering hedges. See page 22 for prices.

EVERGREENS

THUYA. Arborvitae. Nice young plants, \$7.50 per doz.; \$50.00 per 100. Bushy plants, 1½ to 2 feet high, \$15.00 per doz. Heavy, 2½ to 3 feet plants, \$30.00 per doz.

ORIENTALIS. (*Biota*) (Chinese Arborvitae) An evergreen of exceptionally good growth and good foliage. Excellent for hedges owing to its easy culture. Attractive for foundation or other plantings owing to its upright growth and good color, being distinct from all other varieties. 10 to 12 inch, \$1.50 per doz.; \$6.00 per 100; 3 to 4 feet, \$40.00 per doz.; 4 to 5 feet, \$60.00 per doz.

PICEA EXCELSA. (Norway Spruce) Nice young plants, 15 to 18 inches high, \$12.00 per doz.; \$75.00 per 100. 18 to 24 inches high, \$18.00 per doz., \$100.00 per 100.

DISTANCE APART TO PLANT HEDGE PLANTS

Pyramidal Arborvitae (A) used attractively on each side of opening through hedge.

CLIPPED HEDGES

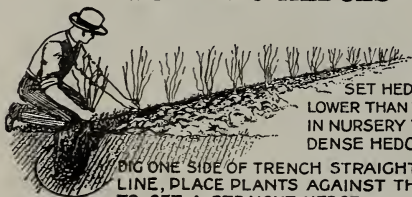

Plant Privet 6 to 12 inches apart, depending upon compactness desired; plant Barberry 1 to 2 feet apart.

FLOWERING HEDGES

Altheas and Honeysuckles when planted about 2 feet apart make beautiful flowering hedges and screens.

Spirea Van Houtte, planted 2 to 3 feet apart in the hedge row can be trimmed or allowed to grow naturally as shown in the illustration.

PLANTING HEDGES

SET HEDGE TRIFLE LOWER THAN THEY WERE IN NURSERY TO GET A DENSE HEDGE AT BOTTOM
DIG ONE SIDE OF TRENCH STRAIGHT AND IN LINE, PLACE PLANTS AGAINST THIS SIDE TO GET A STRAIGHT HEDGE

CLIMBING, CLINGING, TWINING VINES —

THERE is something about the sweeping and twisting of Vines about the porch, veranda and the trellises about the house that appeals to everyone. There's beauty in these Vines that twist and creep and cover ugly places. Who can describe the fragrance of the Honeysuckles and Clematis, or the beauty of the Wisteria and Sweet Peas.

AMPELOPSIS VEITCHI. (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Thrifty plants, 25c; large plants, 35c; heavy plants, 50c to 75c.

ENGELMANNI. A very desirable variety, small, dense foliage. Colors beautifully in fall. Large size, 35c; extra heavy, 50c.

QUINQUEFOLIA. (Virginia Creeper or Woodbine) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Large size, 35c; extra heavy, 50c.

BIGNONIA GRANDIFLORA. (Trumpet Creeper) Useful for covering unsightly places, stumps, rockwork, etc. Flowers orange-red color. Large plants, 50c; extra large, 75c.

CELASTRUS SCANDENS. (THE BITTERSWEET VINES.) Twining shrubby vines with remarkably showy fruits, of extreme hardness. They are very effective for covering walls, rocks or trellis work, or for climbing trees and lattice. Almost any kind of soil is suitable for them, either in sun or partial shade. Capsules orange-yellow, with crimson arils, persisting throughout the winter. The unopened mature capsules will quickly open when cut and partially dried. First size, 30c each; 10 for \$2.00. Large size, 50c each; 10 for \$4.00. Extra large, 7c each; 10 for \$5.00.

CLEMATIS PANICULATA. Most desirable and most popular vines grown and may be used with satisfactory results wherever a vine is needed. Glossy green foliage all season and a mass of small white fragrant flowers in August and September. Thrifty plants, 15c; large size, 35c; extra heavy, 50c; clumps, 75c to \$1.00 each.

HENRYI. Large flowered. Creamy white. \$1.50 each.

JACKMANII. Large flowered intense violet. One of the popular varieties. \$1.50 each.

LONICERA BRACHYPODA AUREA. (Japan Golden-leaved Honeysuckle) Yellow and green leaves. Valuable for covering banks, bare places, etc. Flowers creamy-white. Strong plants, 25c; \$2.50 per doz.; large plants, 35c; \$3.50 per doz.; extra large, 50c; \$5.00 per doz.

HALLIANA. (Halls Japan Honeysuckle) Blooms constantly. Flowers white changing to yellow; very fragrant. The best climber. 25c; \$2.50 per doz.; large size, 50c; \$5.00 per doz.; extra heavy, 75c.

LYCIUM (Matrimony Vine) Numberless bright red berries in fall. 35c; \$3.50 per doz., extra heavy, 50c.

WISTERIA

HARDY CLIMBING SWEET PEAS

EVERYBODY LOVES THEM

This is one of the most desirable hardy plants, attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine mixed colors, red, white and pink. Nice thrifty field grown plants, 15c; 4 for 50c; \$1.50 per doz.; larger size, 25c; 5 for \$1.00; \$2.25 per doz.; extra large field clumps, 50c; \$5.00 per doz.

WISTERIA SINENSIS. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. 35c; large size, 50c; extra heavy, 75c to \$1.00 each.

ALBA. Of similar habit to Sinensis, with white flowers. 50c; extra heavy, 75c to \$1.00 each.

EVERGREEN VINES

ENGLISH IVY Dark, glossy, green leaves and clings firmly to stone or brick walls. Thrives best in shady position and is hardy in all localities. Nice young plants, 35c; large size, 50c to 75c.

EUONYMUS RADICANS. Beautiful bright green foliage. Nice young plants, 25c; \$2.50 per doz.; \$20.00 per 100; large size, 50c; extra large, 75c.

PERIWINKLE (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rockwork. It is indispensable. In spring it is covered with blue flowers. Perfectly hardy in all localities. 15c each; 4 for 50c; 10 for \$1.00; large size, 25c each; 5 for \$1.00; 12 for \$2.00.

TENDER CLIMBING VINES

COBAEA SCANDENS One of the most rapid of climbing plants. Bears beautiful, deep blue bell-shaped flowers. 25c; \$2.00 per dozen; larger, 35c.

IPOMOEA GRANDIFLORA. (White Moon-flower) Satiny white flowers. 25c; large size, 35c.

VINCA VARIEGATA. Elegant low-growing trailing vine, leaves widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockeries. 10c; large size, 15c; extra heavy plants, 25c to 35c each.

CLEMATIS PANICULATA.

Wagner Park Lily Cannas THE FINEST STOCK GROWN

VISITORS are invariably enthused at the beauty and sizes of Wagner Park Cannas with wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is not confined to only a few weeks' display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after danger of frost is over. They may be planted as late as June, but the earlier planted, the better results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhering to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or tubers will wither, but care should be taken that they are not so moist as to allow mildewing. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over. Our stock is so handled that immediate results and effects may be obtained.

CITY OF PORTLAND. 3 feet. Beautiful shade of deep pink, deeper color than its parent, Mrs. Alfred Conard. Blooms produced in marvelous profusion. 25c; \$2.50 per doz.

FIRE BIRD. The trusses are very large, compact and showy; with nicely rounded petals, 2½ or more inches wide. The color is extremely desirable, being absolutely pure scarlet with no suffusion of streaks or blotches. 3 to 4 ft., 25c; \$2.50 per doz.

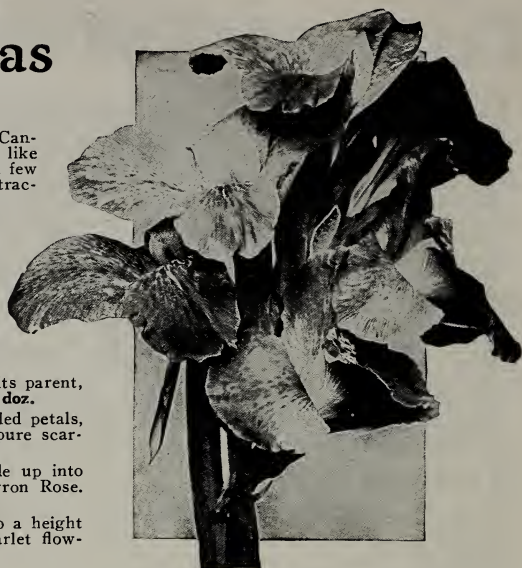

HUNGARIA. A magnificent pink Canna. The petals are large and waxy, made up into big round, full trusses. Its color forcibly suggests the well known Paul Neyron Rose. The most popular pink Canna ever produced. 30c; \$3.00 per doz.

KING HUMBERT. A glorious Canna. The finest we have ever seen. Grows to a height of about 5 feet. Immense dark bronze foliage with great heads of orange-scarlet flowers, striped crimson. 25c; \$2.50 per doz.

MME. CROZY. The popular golden edged red, one of the first of the newer type of Cannas introduced from France and still among the leaders. 4 ft. 20c; \$2.00 per doz.

PRESIDENT. Considered by all to be the best red variety yet introduced. Produces immense heads of glowing crimson flowers, 7 inches across the open bloom, on strong, erect stalks well above the foliage; 4 feet in height. 25c; \$2.50 per doz.

RICHARD WALLACE. Large canary yellow flowers, a well known popular variety. 4 feet. 30c; \$3.00 per doz.

AN INDIVIDUAL SPIKE OF FLOWERS.

WINTER'S COLOSSAL. Flowers frequently eight inches in diameter; bright scarlet; very effective, free-flowering bedding variety. 25c; \$2.50 per doz.

WYOMING. Bronze purple foliage, immense spikes of large massive orange flowers. 5 ft., 20c; \$2.00 per doz.

YELLOW KING HUMBERT. 4 feet. A sport from the bronze foliage variety of the same name, pure white, having faint dots of flesh pink on the petals, but produces a snow white effect. Vigorous grower and free bloomer. 25c; \$2.50 per doz.

SPECIAL CANNA OFFER

We have an unusual stock of fine plump bulbs of **GIGANTEA** Green foliage. This kind is of strong, sturdy growth, attaining a height of 5 to 6 feet and especially suitable for heavy background foliage effects or for planting as screens or hedges. Flowers are red but not large. Only dormant bulbs offered. 2 for 25c; 5 for 50c; 12 for \$1.00 or 100 for \$5.00.

A WAGNER CANNA BED-10 ft.

For border, 36 Red Coleus

73 Plants.....\$6.95

A MOST MARVELOUS CANNA COLLECTION

WAGNER CANNAS ARE REMARKABLY FREE FLOWERING AND ATTRACTIVE

BEAUTIFUL DAHLIAS

WITHIN the last few years a wonderful revival of interest in the Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to anyone wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted very late with good results.

We supply some dormant roots for early shipping, and started plants later in season.

Dahlias of Special Merit

MAUD ADAMS. (New Show Dahlia) This wonderful introduction is unsurpassed in quality in every respect; a model of perfection. The color is pure, snowy white, very effectively overlaid clear delicate pink. Undoubtedly the finest of recent introductions. 50c each; 3 for \$1.25.

MILLIONAIRE. (New Decorative) One of the finest and largest dahlias grown, a grand type for exhibition to your friends; delicate lavender pink. \$2.00 each; 3 for \$5.00.

PRIDE OF CALIFORNIA. (Decorative) A brilliant glowing cardinal red, of very large size held on extra good stems, very free and a wonderful keeper as a cut flower. 75c each; 3 for \$2.00.

SHOWER OF GOLD. (Decorative) Furnishes great quantities of attractive, long stemmed cut-flowers. Petals rather narrow and sharp pointed, somewhat re-curved. Brilliant yellow enriched by an apricot stain at center. \$1.00 each; 3 for \$2.50.

Show Dahlias

A. D. LIVONI. Color, a very light silvery pink, petals beautifully quilled. 30c; \$3.00 per dozen.

MARY D. HALLECK. Large compact golden yellow flower, full to the center. 30c; \$3.00 per dozen.

PRINCESS VICTORIA. Light yellow, elegant form. 30c; \$3.00 per dozen.

YELLOW DUKE. Large, rich yellow, very fine. 30c; \$3.00 per dozen.

One Each Maud Adams, Pride of California, Millionaire, Shower of Gold\$3.50

DAHLIAS MAKE EXCELLENT CUT FLOWERS

Choice Cactus Dahlias

COUNTRESS OF LONSDALE. The finest flowering Dahlia in the collection. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine-pink. 35c; \$3.50 per doz.

J. H. JACKSON. Brilliant dark crimson maroon. 35c; \$3.50 per doz.

WILLIAM AGNEW. Intense glistening scarlet crimson; very large flowers. 25c; \$2.50 per doz.

WHITE CACTUS. Petals are rolled up so that the edges overlay each other. The color is pure white. 30c; \$3.00 per doz.

Decorative Dahlias

LYNDHURST. Brilliant cardinal-red. A fine cut flower. 35c; \$3.50 per doz.

NYMPHAEA. Like a pink and white water lily. 25c; \$2.50 per doz.

SYLVIA. Soft, pleasing mauve-pink, gradually changing to white in center. 25c; \$2.50 per doz.

Pompon Dahlias

SNOWCLAD. Flowers snowy white. Dwarf grower; very early. 20c; \$2.00 per doz.

SUNBEAM. Deep carmine-red and attractive. 25c; \$2.50 per doz.

Single Dahlia

TWENTIETH CENTURY. No orchid could be more delicate in color or yet richer in shading. It is pure white at the tips and gradually shading toward the center of the petals to delicate blush rose. A wonderful blending of colors. 35c; \$3.50 per doz.

CULTURE OF THE DAHLIA

Plant in soil, thoroughly prepared, 10 inches deep. Fertilize the soil with manure or some of the fertilizers listed on page 33. Plant dahlias any time after danger of frost is over, in hills or drills, laying the bulbs flat down, six inches deep. Keep plants cultivated to insure success. When you have continuously dry hot weather, water your dahlias as often as you think is beneficial, but give them a thorough soaking when so doing. Cultivate the soil the day after watering.

GLADIOLI--The Finest Flowers for Cutting

WHY not brighten your home and garden with gladioli? Their beauty as cut flowers is well known, and their easy culture is another point in their favor. Then, too, they add a color note to the garden, if planted in masses or among perennials, or perhaps placed at intervals in the shrubbery border.

The gladioli bloom during August and September, when few hardy plants or shrubs come into flower. But you may have the blooms from July until October by planting at intervals from April until June.

WE OFFER ONLY SELECT No. 1 LARGE SIZE BULBS and the varieties we grow are the finest that can be produced. Our stock has been chosen with care, markings and size of flower being first consideration. We can send you the choicest varieties in their particular colors, large, perfect flowers and strong, vigorous growing bulbs being the type we offer.

In the fall before frost the bulbs should be taken up, dried and placed out of reach of frost, to be ready for planting again the following spring.

AMERICA. Conceded to be one of the finest varieties for cutting or bedding ever sent out; color a beautiful soft flesh-pink; orchid-like in its coloring and texture. 6c each; 60c per doz.; \$4.00 per 100.

ARIZONA ROSE (Kunderd) A very large flower of finest rose-pink color. Almost a self color. Very fine. 15c each; \$1.50 per doz.; \$8.00 per 100.

CRIMSON GLOW. Glorious, brilliant, satiny "Crimson Glow", a color that is fetching and pleasing to all. 20c each; \$1.75 per doz.; \$10.00 per 100.

GRETCHEN ZANG. A lovely tone of soft pink with scarlet markings on the lower petals. 12c each; \$1.25 per doz.; \$8.00 per 100.

HALLEY. Large open flowers of a delicate salmon pink; very early, 7c each; 75c per doz.; \$5.00 per 100.

INDEPENDENCE. A brilliant Begonia-pink with richly marked throat. 15c each; \$1.50 per doz.; \$8.00 per 100.

GLADIOLI GARDEN COLLECTION

America	Gretchen Zang	Panama
Arizona Rose	Mrs. F. King	Peace

6 bulbs, each of the above, Special at \$2.95

12 bulbs, each of the above, Special at 5.00

GERANIUM BLOSSOMS

LE MARECHAL FOCH. This might briefly be described as an improved America, having the same soft flesh-pink color, but with much larger blooms and coming into flower two weeks earlier. Of unusually strong, vigorous growth with splendid straight, well-filled spikes. 10c each; \$1.00 per doz.; \$7.00 per 100.

MRS. FRANCIS KING. A striking shade of light scarlet or flame color; one of the most effective. 10c each; 75c per doz.; \$5.00 per 100.

PANAMA. A favorite wherever high-grade varieties are grown; in color a rich rose-pink. 10c each; 75c per doz.; \$5.00 per 100.

PEACE. Immense pure white flowers with a touch of carmine in the lower petals. These are borne on tall, graceful spikes; a beautiful and exceedingly refined variety. 10c each; \$1.00 per doz.; \$6.50 per 100.

SCHWABEN. This is considered one of the best and freest growing yellow varieties. 10c each; 85c per dozen; \$6.00 per 100.

Well Pleased

I certainly appreciate your efforts to please your patrons in every way I received the plants and assure you that I will do all in my power to influence my friends to trust you with their orders. Every plant and shrub I have received has been the best of thrifty plants. Again, I thank you. Very truly yours,

Alta Gillett, Trivoli, Ill.

GLADIOLUS

GERANIUMS

CHOICE BEDDING PLANTS

GERANIUMS are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one to give satisfaction and wealth of beautiful blossoms this season.

BEAUTE POITEVINE. A beautiful salmon-pink. 10c; \$1.00 per doz.; larger size, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

BRUANT. Old favorite. One of the best and most brilliant scarlet varieties. 10c; \$1.00 per doz.; larger, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

JEAN VIAUD. Beautiful shade of bright pink. 15c; \$1.50 per doz.; larger, 20c; \$2.00 per doz.; extra heavy plants, 30c; \$3.00 per doz.

LA FAVORITE. Pure, snowy-white. 10c; \$1.00 per doz.; larger size, 15c; \$1.50 per doz.; heavy plants, 30c; \$3.00 per doz.

MRS. E. G. HILL. Bright salmon, with a light shading at center. 15c; \$1.50 per doz.; larger, 20c; \$2.00 per doz.; heavy plants, 30c; \$3.00 per doz.

S. A. NUTT. Rich dark crimson. Close, compact habit. 10c; \$1.00 per doz.; larger, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

SCARLET BEAUTY. (New) Our own introduction. This wondrous beauty is a strong, upright grower producing long, stiff straight stems which are crowned with immense clusters of rich, brilliant scarlet flowers and are fully double. A most prolific bloomer and the individual blossoms often measure more than 2 inches in diameter. Frequently there are a dozen perfect flowers on a single stem with 20 to 30 unopened buds so one can imagine the great beauty and size of their flower clusters. Thrifty, well-rooted plants, 30c; \$3.00 per doz.; larger size, 40c; \$4.00 per doz.; extra heavy plants, 60c; \$6.00 per doz.

CHOICE BEDDING PLANTS

All Unusually Desirable Varieties and of Special Merit

AGERATUM BLUE PERFECTION. Large clusters, deep amethyst blue with purplish shadings, the darkest colored of the large flowered kinds. 20c each; 3 for 50c; 10 for \$1.50.

ANTIRRHINUM SNAP DRAGON. Popular plants for bedding and of special value for cutting. The stock we offer has been grown for a select strain. Any variety. Nice thrifty plants, 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100.

DAPHNE. Soft rose-pink.

GOLDEN QUEEN. Rich pure yellow.

FIREBRAND. Rich, deep red, fine.

MONT BLANC. Pure white flowers.

Mixed Colors. 15c each; \$1.00 per doz.; \$5.00 per 100.

Nothing equals Snap Dragons for continuous summer flowers.

BEGONIA GRACILIS LUMINOSA. (Red) Strong and robust. The most free-flowering of all Begonia, always in bloom—spring, winter and autumn. The flowers, when first opening, are a bright cherry, changing to a clear coral-red. Its foliage is rich glossy green, often shaded deep bronze. Nice plants, 25c; 5 for \$1.00; 12 for \$2.00.

BEGONIA LUCERNA. Upright, vigorous grower; coral-red flowers. 30c; \$3.00 per doz.

TUBEROUS-ROOTED BEGONIAS

Few plants are better adapted to the summer decoration of the window garden, the veranda and the conservatory than the Tuberous Begonia. It is a constant and prolific bloomer, wonderfully rich and varied in coloring, and so easy to grow.

Single, Mixed. 25c each; 5 for \$1.00; 12 for \$2.00.

Double, Mixed. 35c each; 3 for \$1.00; 10 for \$3.00.

CALADIUM ESCULENTUM (ELEPHANT'S EAR) For obtaining tropical effects this beautiful plant takes a prominent place. Very large with bright green leaves. First size bulbs, 25c each; 5 for \$1.00. Large size bulbs, 35c each; 3 for \$1.00. Extra size bulbs, 50c each; 5 for \$2.00.

COLEUS Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds. Also for boxes, urns, etc.

BRILLIANT RED. Unusually attractive. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100.

GOLDEN BEDDER. Fine yellow, clear and distinct. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100; larger size, 20c; \$1.50 per doz.; \$10.00 per 100.

VARIEGATED. Highly attractive foliage with varied shades of color in a single leaf. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100.

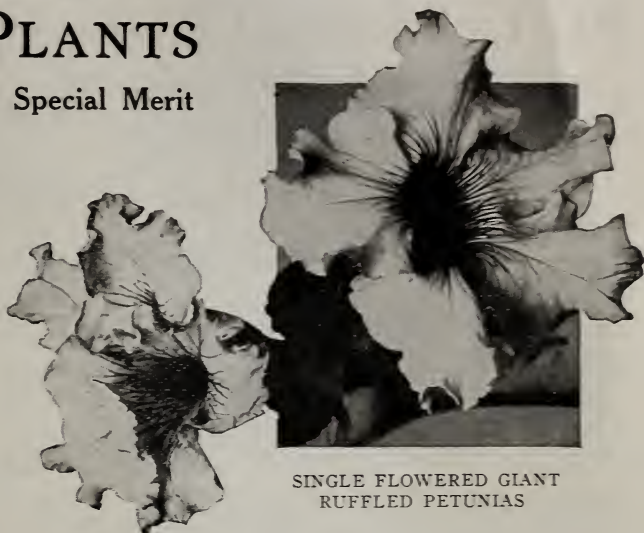

MIXED. A grand assortment. 15c each; 5 for 50c; 12 for \$1.00; \$6.00 per 100.

DRACENAS INDIVISA. Numerous slender, grass-like green leaves, the favorite center plant for box, vase and basket planting. First size plants, 25c each; 5 for \$1.00. Large size plants, 50c each; 5 for \$2.00. Extra large size plants, 75c each; 3 for \$2.00.

FUCHSIAS Well known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or greenhouse.

BLACK PRINCE. Bright, waxy carmine petals and pink corolla. 25c each; 5 for \$1.00; 12 for \$2.00.

HELIOTROPE This altogether delightful old plant has ever been a great favorite among those who enjoy and appreciate garden perfumes, and flowers of dainty type. True Lavender Heliotrope, 25c each; 5 for \$1.00; 12 for \$2.00.

SINGLE FLOWERED GIANT RUFFLED PETUNIAS

HYDRANGEA Especially desirable for pot growing; but may also be planted in open ground but should be brought indoors for winter except in mild climates.

OTAKSA. The old time favorite and always popular. Large heads of light pink flowers. Nice thrifty plants, 25c; \$2.50 per doz.; larger size, 50c; extra size, 75c to \$1.00 each.

LANTANAS Showy bedding and basket plants that are being used more extensively than ever before. They are in bright, catchy, bloom continuously from spring until frost cuts them down in the fall. 20c each; 3 for 50c; 7 for \$1.00; 12 for \$1.50.

PETUNIAS SINGLE FLOWERED, GIANT RUFFLED. Flowers beautifully ruffled and fringed; colors, rich and gorgeous, with deep throats of various shades. Fine mixed colors, 20c each; 3 for 50c; 7 for \$1.00; 12 for \$1.50.

SALVIA BONFIRE. (Scarlet Sage) This is one of the finest of the showy summer flowering plants. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. First size, 10c; \$1.00 per doz., \$6.00 per 100; large size, 15c; \$1.50 per doz.; \$10.00 per 100.

TRADESCANTIA (Wandering Jew) Beautiful trailing vines with thick, waxy, lance shaped foliage; very useful in baskets and window boxes. 15c; \$1.50 per doz.

VERBENA MAMMOTH FLOWERED. This choice strain has large flowers of very brilliant colors and large, distinct eyes. The plants are vigorous growing and free flowering. Mixed colors. 15c; \$1.50 per doz.; \$10.00 per 100.

WAGNER PLANS PLEASE

Gentlemen: About seven years ago, you prepared for me a landscape plan for my small place in Elkader, Iowa, and the effect after it was planted was so very good that I have had many comments on the excellency of the planting. So I again appeal to you for a plan of my place here in Des Moines.

In addition to the excellent plan, I must say that I ordered part of my plantings from you and part elsewhere, and I found your stock so excellent and sturdy, and so much better than other stock I received that I want to assure you that I will recommend your stock whenever I have occasion.

Very truly yours,

A. J. Palas, Attorney, Des Moines, Iowa.

PROMPT SHIPMENT

Gentlemen: Received my order of plants in first class condition and wish to express my extreme delight in being able to obtain such healthy looking plants. Would also like to thank you for your promptness in handling of the order. Sincerely yours, Ben Rausch, 2138 Cameron Ave., Norwood, O.

POT PLANTS —

For House, Veranda and Lawn

Pot Plants continue to fill an important place in the decoration of the modern home. Their appeal and beauty is everlasting.

ASPARAGUS PLUMOSUS NANUS. A beautiful plant with bright green, graceful arched foliage. An excellent pot plant and ferneries. First size, 15c; 4 for 50c; 10 for \$1.00. Larger size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c; 3 for \$1.00; 10 for \$3.00.

SPRENGERI. Especially useful as a pot plant or for planting in ferneries or suspended baskets. First size, 15c; larger size, 20c; heavy extra large plants, 50c.

FERNS BOSTON FERN. The most popular of all Ferns. The leaves are long and slender, drooping gracefully. We know of no better all round decoration plant for all purposes. Young plants, 20c; 6 for \$1.00; larger plants, 30c; 4 for \$1.00; extra large, 50c to 75c each.

RUSCONI. A most beautiful fern for table decoration and fern dishes. The growth is compact of dwarf nature with finely cut fronds of lace effects. 3 inch pots, 50c each; 4 inch, \$1.00 each. One of these large plants enough for an ordinary size fern dish.

ROOSEVELT FERN. Resembles the world-famous Boston Fern, but produces many, many wide fronds, and are beautifully undulated, giving a pronounced wavy effect. Nice plants, 25c; large size, 50c to \$1.00 each.

PALMS KENTIA BELMOREANA. The hardiest, and will withstand the dry atmosphere of the house better than any other variety. Fine healthy growing plants. 8 to 10 inches high, 50c; 10 to 12 inches, 75c; 12 to 15 inches, \$1.00 each.

ARECA LUTESCENS. Most graceful and beautiful in cultivation. Bright green foliage, golden yellow stems. Nice thrifty plants, 10 to 12 inches high, 50c; 15 to 18 inches high, \$1.00 each.

SMALL FERNS FOR FERN DISHES

Nothing adds greater cheer to the home than growing plants. The use of ferneries as ornaments for the dinner table is very general. We can furnish at all times some fine, healthy plants of assorted varieties. 15c each; 4 for 50c; 10 for \$1.00.

BOSTON FERN

EVERBLOOMING CARNATIONS—Large Flowered

The following list embraces the best of the standard and well-tried varieties. Good results will be obtained from these plants out-of-doors, especially so in the Southern States, where they are hardy, while in the North they require protection.

WHITE MATCHLESS. A large, pure white, long stemmed and free-blooming. The petals are attractively fringed and the perfume delightful. 20c; \$2.00 per doz.

PEERLESS. A truly wonderful red carnation, there is no more satisfactory and pleasing kind than this. 20c; \$2.00 per doz.

MRS. C. W. WARD. One of the very good deep pink sorts, of attractive size and form, very free blooming and strongly scented. 20c; \$2.00 per doz.

CARNATION OFFER

2 Matchless, White 2 Peerless, Red
2 Mrs. C. W. Ward, Deep Pink

SIX PLANTS, 3 Colors.....\$1.00

CHRYSANTHEMUMS

Large Flowered

Our collection of these large-flowered Chrysanthemums comprises only the choicest varieties; those which we know will produce satisfactory results. They are all perfectly hardy for outdoor planting in the Southern States. While in the North they will require protection.

EDWIN SEIDEWITZ. A beautiful late incurved. Bright pink. 20c; \$2.00 per doz.

FIRE BIRD. While not extra early, this is the best early red we have seen. Color, very bright. Strong, upright growth and productive. We unhesitatingly recommend this variety for those desiring early red pompons. 20c; \$2.00 per doz.

GOLDEN GLORY. A bright yellow with good stem and foliage. 20c; \$2.00 per doz.

HARVARD. A very dark crimson of reflexed form. Double from any bud. 20c; \$2.00 per doz.

OCONTO. Very popular as an early midseason white. The large blooms are produced on strong, upright stems. 20c; \$2.00 per doz.

UNAKA. Owing to its large size and early flowering, this variety is one the foremost pinks. 20c; \$2.00 per doz.

ASPARAGUS PLUMOSUS

Special Offer Chrysanthemums

1 Pink Seidewitz 1 Golden Glory 1 Oconto
1 Fire Bird 1 Harvard 1 Unaka

One Each of Six Varieties.....\$1.00

FLOWER SEED DEPARTMENT

OUR list of flower seeds includes only varieties of real merit. Wagner Park seeds grow, and yield beautiful blooms—if given proper care—for they are first quality seeds secured from our seed specialist. To avoid possible disappointment, we list only varieties which the amateur gardener can grow with ease, and have a fine showing of flowers to enjoy all summer.

In planting annuals, the ground should be dug and the lumps raked into a fine powdery soil. Sow the seeds evenly and thinly in rows, or scatter them over the bed. Sift the fine soil over the seeds covering them to a depth of not more than four times their size, and press the top soil slightly. Failure often results from careless watering, so do not overdo the process, but keep the soil reasonably moist at all times.

ASTERS QUEEN OF THE MARKET. Earliest of all the Asters, with the first bloom in July; flowers characteristically perfect in form. Grow about 12 inches high and very branching; the flowers on long stems valuable for cutting.

Crimson. Deep crimson red. Pkt., 10c.

Lavender. Light lavender-blue. Pkt., 10c.

Pink. Clear light pink. Pkt., 10c.

White. Distinctly early, double. Pkt., 10c.

Mixed. Many pleasing shades and colors. Pkt., 10c; ½ oz., \$1.00.

SWEET ALYSSUM A fine old-fashioned flower, for rock work or hanging baskets. Dwarf and very sweet scented, and blooms continuously; snow white. Pkt., 10c.

ANTIRRHINUM SNAP DRAGON. Another real old favorite growing in all the best gardens. Every shade and color and continue to bloom until frost cuts them off. Especially valuable for bedding. Pkt., 10c.

CANDYTUFT WHITE ROCKET. One of the the oldest annuals in existence and more popular than ever. Exceptionally fine border plant; easily grown, extremely fragrant. Is splendid for cut flowers. Pkt., 10c.

NASTURTIUMS.

Nasturtiums

For ease of culture, duration of bloom, brilliancy of coloring, nothing excels Nasturtiums. An endless profusion of gorgeous blossoms.

Dwarf Mixed. Many desirable shades. Oz., 20c; ¼ lb., 60c; Pkt., 10c.

Trailing Mixed. A wide range of colors. Oz., 15c; ¼ lb., 50c; Pkt., 10c.

COSMOS

CELOSIA COCKSCOMB. Free and continuous blooming annuals of great value for injecting brilliancy of color into beds or borders. Content with light soil not too rich. Cut blooms may be dried for winter decoration. Pkt., 10c.

CENTAUREA CYANUS. BACHELOR BUTTON, CORN FLOWER. Produce a profusion of flowers of attractive colors.

Cyanus Double Mixed. Pkt., 10c.

COSMOS EARLY FLOWERING. This strain blooms earlier than any other. Its delicate fern-like foliage and crimson white and pink flowers form a pleasing contrast. Pkt., 10c.

EVERLASTING FLOWERS STRAW FLOWER. One of the best. They succeed in any good garden soil. Double flowers of rich, glittering colors make a fine display, but are especially grown to dry for winter use in baskets, vases, etc. Pkt., 10c.

KOCHIA TRICOPHYLLA. (Summer Cypress) Splendid for temporary Summer Hedges. Foliage lively green in summer, in autumn turns to a bright red. Pkt., 10c.

MARIGOLDS The old favorite, of easy culture, well adapted for large beds, mixed borders or pot culture.

Double Tall, Mixed. Pkt., 10c.

Double Dwarf, Mixed. Pkt., 10c.

PETUNIAS SINGLE LARGE FLOWERING. Fringed. (Fimbriata) A strain of beautifully fringed flowers. Colors rich and brilliant. Pkt., 25c.

PHLOX DRUMMONDI GRANDIFLORA. For a splendid mass of colors and constant display, this type is not excelled by any other annual. Blooms early, continuing until severe freezing. Pkt., 10c.

SWEET PEAS Most people obtain more satisfaction from planting Sweet Peas in mixture than from growing named sorts. We assure our customers the Mixtures of Sweet Peas which we offer are the results of as great care in selecting. We invite comparison with any and all others, no matter under what name or at how high prices offered.

Choice Mixed. A splendid variety of blooms of improved forms and in the widest possible range of desirable colors. Pkt., 10c; Oz., 25c; ¼ lb., 60c; lb., \$1.75.

Spencers Mixed. A splendid mixture of Spencer varieties grown by the most careful methods from proven stocks. A wide range of colors is thus assured. Pkt., 10c; Oz., 35c; ¼ lb., 80c; lb., \$2.50.

SWEET WILLIAM DIANTHUS. Unequaled for color and fragrance and produce an immense wealth of bloom.

Fine Mixed. This mixture especially satisfactory. Pkt., 10c.

VERBENAS GIANT MIXED. Grand old favorites and needs no description. With little attention will give big returns in a gorgeous display of flowers. Pkt., 10c.

ZINNIA Sometimes called Youth and Old Age. Zinnias produce a profusion of large double imbricated flowers, borne on stiff stems. They are much used for bedding and are suitable for borders and for cutting.

Mixed. A choice mixture of shades and colors. Pkt., 10c.

FRUIT DEPARTMENT

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below are the very choicest and best for general planting.

SUMMER APPLES

EARLY HARVEST. Large; pale yellow; tender, with a fine flavor; a good grower and heavy bearer; one of the first to ripen. August.

RED ASTRACHAN. Large, beautiful deep crimson. A favorite eating and cooking apple.

YELLOW TRANSPARENT. White, tender; juicy, sprightly, sub-acid. Grows rapidly, bears young.

AUTUMN APPLES

DUCHESS OF OLDENBURG. Medium; pale yellow, streaked red; bears young and is good cropper; useful for all purposes.

MAIDEN BLUSH. Large, flat, pale yellow, with red cheek, a perfect beauty; tender and pleasant.

WEALTHY. Large; brilliant red; rich sub-acid flavor, excellent quality; good keeper.

FALL RAMBO. Highly valuable for kitchen or table use. Fruit medium, flat, smooth, yellowish-white.

WINTER APPLES

BANANA. Large healthy foliage, early bearer. Smooth and handsome, golden yellow usually shaded bright crimson; rich, sub-acid.

BALDWIN. Large; bright red; crisp, juicy and rich.

DELICIOUS. Large; dark red; aromatic; flesh juicy and of sprightly flavor.

GRIMES GOLDEN PIPPIN. Flesh crisp, tender and juicy; hardy, vigorous and productive.

JONATHAN. Medium size; tender white flesh, juicy and rich.

PRICES: All above varieties apples. 5 to 6 ft. select trees, \$1.00 each; 5 for \$4.00; 10 for \$7.00. Extra select trees, \$1.25 each; 5 for \$5.00; 10 for \$8.00.

CRAB-APPLES

TRANSCENDENT. Immensely productive, bright red.

WHITNEY. Flesh firm, juicy and very pleasant flavor.

PRICES: Both above varieties Select Trees, \$1.00 each; 5 for \$4.00. Extra select trees, \$1.25 each.

SOUR CHERRIES

DYEHOUSE. A sure bearer; ripening a week before Early Richmond.

EARLY RICHMOND. Medium, dark red, melting, juicy, sprightly, rich acid.

MONTMORENCY. Large, red, productive, ten days later than Early Richmond.

SWEET CHERRIES

BLACK TARTARIAN. Very large, black, juicy.

GOV. WOOD. Large, light red, juicy, rich, delicious.

YELLOW SPANISH. Large, handsome, sweet; light red cheek, firm and delicious.

PRICES: All varieties Cherries. 5 to 6 ft. select trees, \$1.25 each; 5 for \$5.00; 10 for \$8.00. Extra select trees, \$1.50 each; 4 for \$5.00; 10 for \$10.00.

SUMMER PEARS

BARTLETT. Large, buttery, juicy, high-flavored.

CLAPP. Large, yellow and dull red, with russet specks, melting, rich.

AUTUMN PEARS

DUCHESS. Large, buttery, rich, juicy, excellent.

FLEMISH. Large, juicy, rich; one of the most popular.

SPRAYERS and FERTILIZERS —

LENOX SPRAYER

THE THING LONG NEEDED.
CONVENIENT AND DURABLE

For spraying under the leaves of house plants, shrubs, small fruits, etc.

Price, complete, 75c; with two extra bulbs, \$1.50. A cake of tobacco soap free with each sprayer.

JUST WHAT MOTHER WAS
LOOKING FOR ALSO

For sprinkling wash, is worth its weight in gold.

THE IMPROVED FERTILIZER

Everything taken out of the Crude Fertilizer but the precious Plant Food—Devoid of Poisonous Matter.

SAFE, SANITARY AND ODORLESS

The insistent demand for plant foods has grown so, we have decided to offer our trade Plant Marvel. This product has the highest official approval. It has been tested on varied plant life. We unhesitatingly recommend Plant Marvel to our patrons—whether it be to the grower of a few plants, or to the largest estate. Directions for using accompany each shipment.

Plant Marvel (Formula "A"), is guaranteed to contain 61.30 per cent of plant foods—all water-soluble. Its 15.30 per cent of ammonia grows wondrous foliage. Its 14.50 per cent of potash gives plants health, pep and beauty. Its 31.50 per cent of phosphoric acid insures prolific bloom, and for all garden and truck crops timely maturity.

Use PLANT MARVEL and you will enjoy house plants and flowers of thrilling beauty. Your garden will feed your table—you will have earlier, more tender, succulent, crisp vegetables. You will have early, delicious fruits. Your waste spots will become a fairyland—you will enjoy gorgeous roses; rampant climbing vines; thrifty shrubs and hedges; beautiful ornamental and shade trees; velvety lawns; dense, close-knit springy golf greens.

For best results on house plants and flowers and all limited areas of plant life, use Formula "A". No trouble! No worry! No digging, no damage to the most delicate roots. You "feed as you water." Price: Packed in 25c, 60c and \$1.00 containers. The \$1.00 size is most economical—feeds 20 potted plants for 36 weeks; transforms 150 square feet of flower-bed into a riot of bright and cheerful colors; etc. Attractive bulk prices on Formula "A" to large users on application.

READ THIS GUARANTEE. Order a package of PLANT MARVEL (Formula "A") TODAY. If Formula "A" doesn't show more delightful, amazing and BETTER results, go farther and prove more economical than any other plant food, The Wagner Park Nursery Company will gladly refund your money.

Use PLANT MARVEL (Formula "B") on all larger areas of garden and truck, small fruits, etc.—where it is not practical to "Feed as you water." Only \$1.25 for a 5-pound sack. By simply adding 6 quarts of soil you have 20 pounds of high grade plant food—enough to feed 1000 square feet of vegetables, etc.

Use PLANT MARVEL (Formula "C") on larger areas of lawn, shrubs, hedges, fruit, shade and ornamental trees, etc. Only \$1.25 for a 5-lb. sack—enough to treat 1500 square feet of lawn, etc.

PLANT MARVEL is approved by State Universities, and every other good authority.

Janet Brown will design an effective planting plan for You FREE - - -

You simply make a deposit of only \$2 as an evidence of good faith and we will give you a credit coupon good for the full \$2 on an order amounting to \$20 or more.

THE Wagner Park "Janet Brown Landscape Service" has been established especially for the benefit of those customers who wish to beautify their grounds with growing things but who do not feel that they can afford to employ the services of a professional Landscape Architect.

By means of this plan, the family with only a modest amount to spend in making the home surroundings more lovely may spend it all for nursery products and still have the advantage of the advice and experience of an expert on landscape gardening.

Janet Brown is a Specialist on Designing for Small Areas.

Janet Brown is recognized as one of the most capable designers of home gardens in the country, a young woman Landscape Architect of unusual skill and ability.

She has been engaged in this work with us for years and we can recommend her work without reservations. The effects she secures are artistic, the designs original and every feature harmonizes perfectly, giving you a delightful environment for your home.

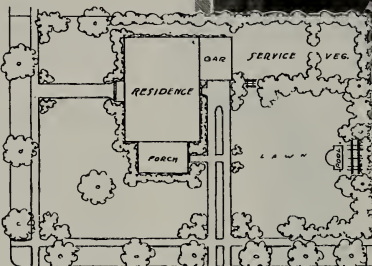

Janet Brown Plans are Easy to Follow

You receive a plan together with a layout, so simple that anyone can follow it. These plans show how to go about the work step by step.

Please, remember that this service really costs you nothing, for, while you make a de-

Janet Brown at Work Designing a Landscape Plan for a Patron of the Wagner Park Nursery Co.

posit of \$2 as an evidence of good faith, you are given a credit coupon good for \$2 on an order for nursery stock amounting to \$20 or more.

How to Secure This Free Service

Simply fill out the sheet on the opposite page and then send us a rough diagram of your grounds. Give the dimension of the grounds, indicate the buildings thereon and give dimensions; show side-walks, trees and plantings (if any) and attach any other information that you think essential.

The roughest kind of a diagram will be all that is necessary—anyone can draw it.

If you have a photo or snapshot of your grounds send it along.

Note—The above plan applies principally to small grounds or where only a small planting on larger grounds is desired.

Other Wagner Landscape Services

There is a Wagner Landscape Service to most every purpose. In addition to the one described above we offer special services for owners of larger private places as well as public grounds.

For Owners of Larger Grounds

—who do not feel that they want to go to the expense of having our representative call and make a personal survey, we will prepare comprehensive plans for a deposit of \$5, which will be credited on a purchase of \$50 or over.

For Large Public or Private Grounds

Our professional landscape men go everywhere to plan and plant home grounds, private estates, parks, cemeteries, University, Schools, Sanitariums, Hotels, factory grounds, etc.

For further information concerning our complete service see the back page of this catalog.

FILL IN THIS SHEET

This is All the Information Needed for Janet Brown to Plan Your Grounds.

THE WAGNER PARK NURSERY CO., Sidney, Ohio.

Gentlemen: Below you will find information about my grounds and on the other side of this sheet is a rough sketch of the grounds I wish to improve, with measurements, etc. I shall be pleased to receive a planting plan from you as per your Service offered in Catalog. I enclose \$..... for which amount you are to send me a coupon good for the amount and which is to be credited on an order for plants amounting to \$.....or more.

Name.....

Street.....Town.....State.....

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest to you.

Do you want a rose bed?.....

Do you want any hedges? Where preferred?.....

Do you want us to locate walks? (If so, show all entrances to buildings, etc.).....

Do you want a driveway? (If so, show where you prefer it.).....

Do you want any tender plants?.....

Do you prefer all hardy plants?.....

Do you like a lot of shrubbery?.....

Do you prefer natural effects?.....

Do you prefer formal effects?.....

Do you prefer we use our own judgment?.....

Do you want a formal garden?.....

Do you want an Arbor or Pergola?.....

Do you want us to locate trees? (If any on grounds, show their location on sketch.).....

Do you want any fruit trees?.....

Do you want any street or avenue trees? (If so, mark space for same.).....

Do you want any evergreens?.....

Do you want any particular kind of trees? (Name.).....

Do you want a vegetable garden? (If so, show where you prefer it.).....

When do you contemplate planting, this Season, or sometime later?.....

We receive many plans during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accommodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to use them.

What is the limit you wish to expend for flowers?.....

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we know about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be practical for your grounds. These are not stock plans, but worked out individually and for each particular place, and in a careful manner that the very best and most artistic effects may be obtained.

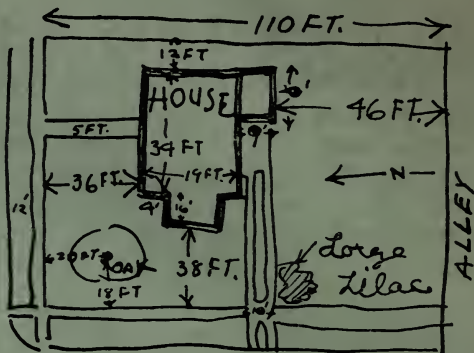

USE THIS SPACE FOR REMARKS

A Wagner Landscape Plan
Insures Attractive Grounds.

IT'S EASY!

Simply sketch your grounds below and send it to us. Do not overlook giving measurements of all buildings; also location of walks, drives, etc. Show basement windows, if any, in sketch of house. Give location of all the trees on the grounds that are permanent—give approximate size and kind of tree. Indicate directions by arrow pointing North. The accompanying illustration shows how easily this sketch may be made.

A Simple Sketch like this is all that is Needed.

NOTE—Indicate any objectionable views that are to be screened, or any terraces or grades of importance. With this information we can plan with assurance and make certain the beautiful landscape effects for which Wagner Park is noted.

WAGNER'S LAWN GRASS SEED

HOW TO MAKE A LAWN. All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither heavy nor exceedingly light: the surface should be thoroughly pulverized and level. Remove all stones, sticks, sod, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable, it is always cheapest in the end. It is best to sow seed liberally, not only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll the ground. When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather at least once a week, let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for besides being unsightly, they are injurious. When the weather is dry and hot, avoid cutting too close.

QUANTITY OF LAWN GRASS SEED USUALLY REQUIRED IN MAKING A NEW LAWN

10 x 25 feet requires _____	1 pound	40 x 60 feet requires _____	10 pounds
25 x 50 feet requires _____	5 pounds	50 x 100 feet requires _____	16 pounds
40 x 50 feet requires _____	8 pounds	50 x 150 feet requires _____	24 pounds

FOR RENEWING OLD LAWNS. Use about one-half the quantity given above.

"WAGNER PARK" GRASS SEED. A special mixture which we prepare ourselves from which the finest lawns can be produced. Prices: 60c per pound; 5 pounds for \$2.75; bushel (20 pounds) for \$9.00.

PREMIUM GRASS SEED. A mixture for general sowing, and an excellent lawn may be produced with it. Prices: 50c per pound; 5 pounds, \$2.25; bushel (16 pounds) \$6.50.

"SHADY LAWN" GRASS SEED. A fine mixture for shady places and where other grasses will not grow. 60c per pound; 5 pounds, \$2.75; bushel (16 pounds) \$7.50.

KENTUCKY BLUE GRASS SEED. We offer fancy cleaned seed and purest obtainable. 65c per pound; 5 pounds, \$3.00; bushel (14 pounds) \$7.50.

Prices of seed for Golf Grounds quoted on application.

INDEX

[illegible]

HERE is Just the TYPE of LANDSCAPE SERVICE That YOU Will APPRECIATE

—Because It Is Complete In Every Detail; Relieves You of All Work and Responsibility; Yet Guarantees You Beautiful Home Surroundings.

THE HOME OWNER, who wants a complete Landscaping Service, will find that the Wagner Landscape Service offers every feature that is desired. Every detail, from the preliminary survey of your grounds to the actual setting of the plants, is included, and each step is under the direct supervision of an expert landscape architect or gardener who specializes in that particular part of the work.

WHAT THE WAGNER LANDSCAPE SERVICE INCLUDES

First. One of our trained Landscape Architects will come to your city—look over your ground and consult with you regarding the improvements you would like to make. He will then make a preliminary survey of your property, which will be helpful in determining the most pleasing and artistic effect.

Second. From the information secured from the preliminary survey a plan is made by our Landscape Architects who incorporate your ideas as well as our own. These plans are then submitted for your approval with estimate, etc. This makes it possible for you to know what the cost of plantings will be.

Third. Our expert gardeners then select the most suitable flowers, etc., for your particular planting to bring about the desired effects and results. We will also take the full responsibility of planting them for you if desired.

CONSULT US

Write today and ask for our beautiful Landscape Booklet, which describes our complete Landscape Service, or, if you prefer, arrange at once, for one of our Landscape Architects to come to your city. Write today.

SPECIAL ATTENTION

—is given by our Landscape Department to the designing and executing of landscape work for schools, colleges, sanitariums, hospitals, parks, cemeteries, etc. We solicit inquiries from those interested. Our customers are first to recommend us. An example of work done by Wagner Park is illustrated below.
